SURPRISED YET? WE TRIED TO WARN YOU! IF YOU WEREN'T SURPRISED WHEN YOU OPENED THIS BOOK, YOU OBVIOUSLY DON'T KNOW US — THE GRADUATING CLASS OF 1989!

You could never say we bored you! We have added a spark to every event — dances, rallies, games, field day and even to our academics!

As individuals, we are restless and unpredictable — searching for ways to express ourselves whether we're in school or planning for the weekend. As a group we have worked together, using all our energy to sponsor events for us, the 250 plus Seniors, and the entire Marlborough High community. We have tremendous potential for our futures. We can only hope that all of us will explode into a world of success and happiness.

# LIFE in the FOYER

Who could ever forget the times we spend in the foyer? It's a great hang out place during school, either in between classes or during classes. The biggest event that everyone participates in is "hanging the rail." We've all been yelled at for hanging the rail when we belong in homeroom or in another class.

We all still wonder why we hang the rail. Is it because we enjoy looking down at the heads of our friends as they exit the

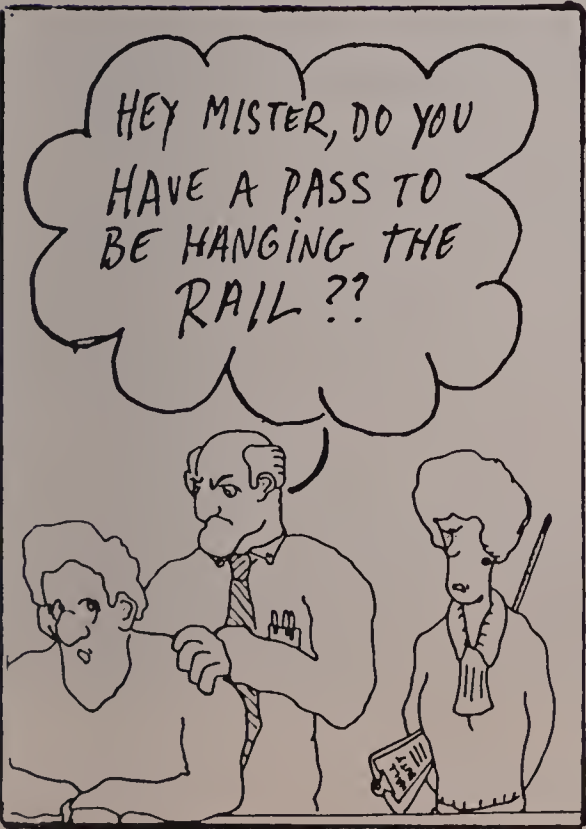

cafeteria? Or the possible urge to spit on a helpless freshman? We travel through the foyer about a hundred times a day - first thing in the morning to get to our homeroom, and last thing in the afternoon to get to our cars, the buses, a meeting or practice. The foyer and the rail, our traditional "gathering" places, make our school unique.

Why do we really hang the rail? To check out everyone's clothes? To see who's with whom? Is she still with him after

what he did? To check out costumes on Halloween? To have a good spot during a foyer rally? To find out where the parties are this weekend? To find out the truth about what happened at the game? To find that right person for the prom? And to have the perfect spot for dancing!

If you are a typical Senior you spend at least a half hour on the rail each day.  
 $30 \times 180 = 5400$  minutes per year =  
 $90$  hours per year.  $90 \text{ hours} \times 4 \text{ years} = 360$  hours.  $360 \text{ hours} \div 24 = 15$  days. You spend a minimum of 3 weeks on the rail while you're here!

# '89 NIGHTS

As we begin our Senior year we look back on the past three years and wonder where all the time has gone. The years have gone quickly while so many memories have been made. . . . From being a Freshman buddy to becoming a Senior Buddy . . . From having mom and dad drive us to the Freshman-Sophomore Semi Formal to driving ourselves to the senior Semi-Formal . . . From the girls searching for their first prom gown to the guys renting their first tuxes. All these memories will be as fresh in the years to come as they are today. Will any of us ever forget the Junior prom and all our anticipation and preparations? And how about worrying about the first time we took SATs?

Now we have lived the reality of our Senior year which we all have looked forward to for so long. Each day has brought us closer and united us as a class. We will always treasure the memories of being a part of the class of 1989.

Dipa - I can't believe it's over. Remember when I used to go over your house and your mother would make her great pizza - it seems so long ago - actually it is! I wish I got to see you more in high school - but I'm glad we got to be friends when we did. Good luck next year and

BE HAPPY. LOVE,  ERIN

**W**

**ARNING:**

THIS SENIOR CLASS  
WILL GRADUATE ON  
JUNE 10, 1989!

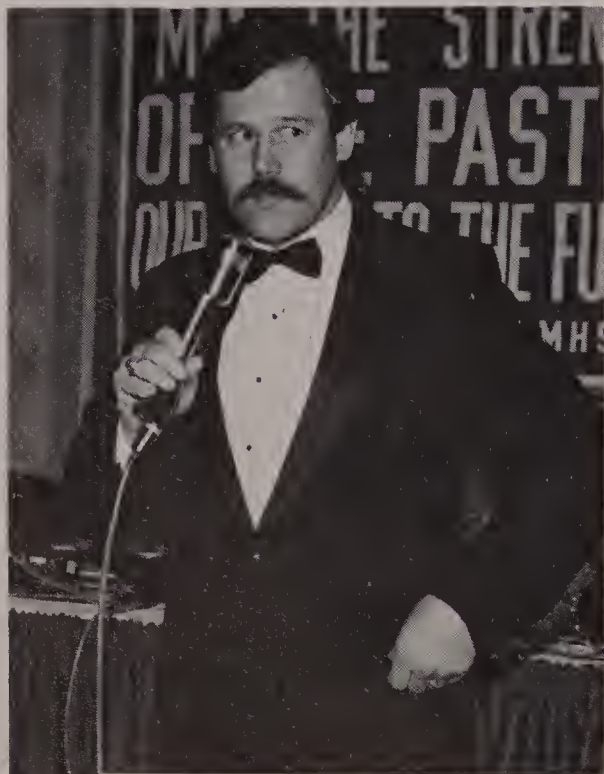

# This Is The Time . . .

"Would you like to go to the prom with me? Will he/she say yes? What should I wear? How much money should I spend? Should we take a car or rent a limousine? Should we go with others or will we go alone?" Questions, questions and more questions. As Juniors these were just a few thoughts that went through our minds preparing for our first prom.

Prom night has come and

gone and we've all survived those questions. Now when we look back, we wish those questions were here again.

We would like to express our warmest appreciation to those who helped to make our Junior Prom a success. The Class of 1989 would especially like to thank Mr. Rigney, our Class Advisor, for a most memorable evening.

**AND THE WINNER IS . . .** Junior class advisor and emcee, Mr. Rigney reaches into his pocket and pulls out the names of the Queen and her Court.

**A TIME TO REMEMBER.** After being crowned Queen, Danielle Doucette and her court Lauren Heim, Liz Burks, and Danielle Chicoine pose for a picture.

## Do You Remember . . .

- All the pictures your parents took before you left for the prom.
- The endless line for photographs.
- The difficult decision of where to sit.
- The different styles and colors that everyone was wearing.
- The anticipation as everyone waited for the queen and her court to be selected.
- How everyone began to relax and the dance floor overflowed.
- How the night drew to a close and the dance floor became empty.

**HAVING THE TIME OF THEIR LIVES.** Seniors Mark Campbell and Jeff Gogan show their best dance steps.

**LET'S EAT.** Senior Steve Lupien helps himself to some hors d'oeuvres.

**TRUE LOVE.** Spending some time alone, Alyssa Cambell and her escort take a break before returning to the dance floor.

# THANK YOU!

To our class advisors,

Although the work you have accomplished over the past four years has sometimes been overlooked, we would like you to know how special you are to us. You have generously given your time and energy, not to mention your sanity, in working with our unpredictable class. Whether supervising our activities, suggesting ideas, or chasing us down to collect fundraising money, you have never (well, almost never) lost your temper. Thanks to your limitless amount of help and guidance we have finally reached our goal - GRADUATION!

## School Day Memories

As we reach out our hand  
The diploma we grasp,  
While we think of the memories  
Of the the years in the past  
Tears fill our eyes  
Because it's all gone  
We're starting a new life  
We have to move on.  
We hope friends will keep in touch  
As the years pass us by,  
Although it hurts inside  
We'll try not to cry.  
We think of kindergarten  
And our first day,  
Now we've reached the end  
We are going away.  
How do we say good-bye  
To friends who mean so much?  
Will there be time  
To sincerely keep in touch?  
You'll always have the memories  
Of your school years to day one,  
Don't think of school as ending-  
Think a new life has begun.

## "Get To Homeroom Kids"

Day after day we hear this familiar quote as we stroll in five minutes after the bell. You always tried to get us to homeroom on time. Sometimes it would work and other times...well, it was just too early to run to class.

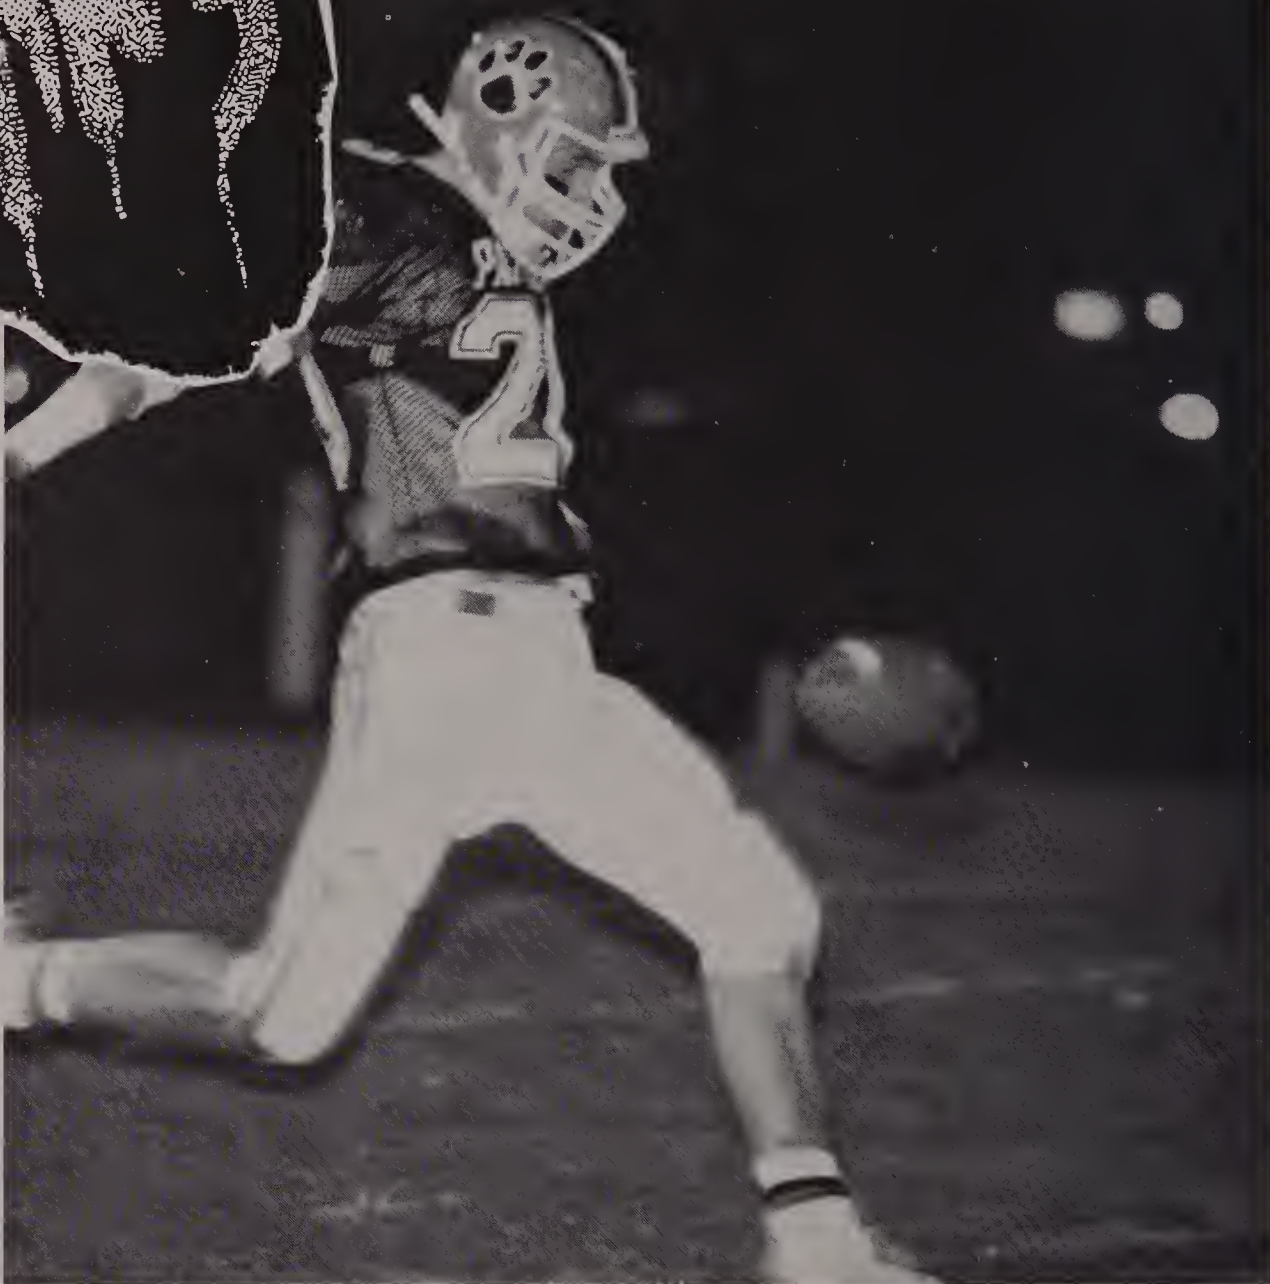

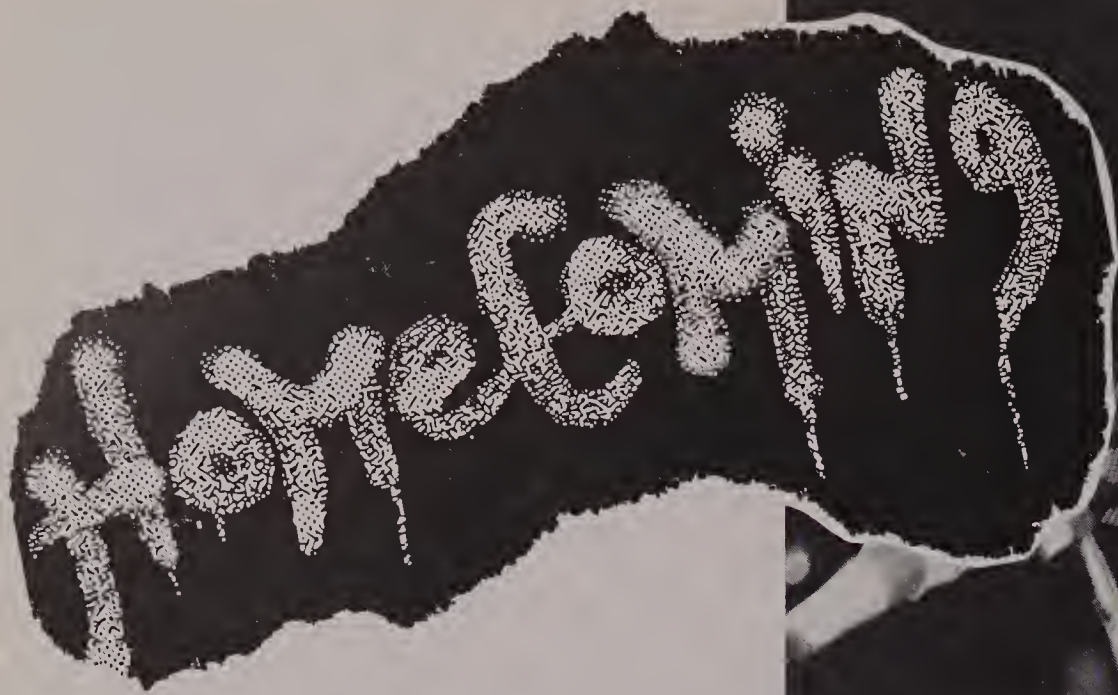

Since we were freshmen you have always stuck by us. When we were in trouble you always seemed to listen to our point of view. Whenever we needed to talk to you, your door was always open. You were always there to share all of our fun times.

As we leave MHS we'll remember all of the memories and fun times we've shared with you.

Thanks for Everything  
We'll Miss You, Love  
The Class of '89

If you ever heard someone say "What happened during Homecoming 1988?", it could take you hours to answer them. Homecoming week which is better known as 'Spirit Week' all started on Monday. This was the day we all got to strut around in our Halloween costumes. Tuesday was 'Go Bananas, Go Nuts, Go Wild Day'. Whether you wore yellow, green, brown, or safari clothes you were in style for the day. Wednesday was 'Twin Day'. It may have been double the trouble but it was worth it. 'Sock It to the Gaels Day' occurred on Thursday. Some wore socks on their ears, head, waist, or the less adventurous on their feet. Friday was the final day to show your spirit by wearing black and orange.

Friday afternoon was the Homecoming rally. It was one that will not be forgotten by many. It all started with Mr. Rigney trying to get the crowd all fired up. Next, the seniors danced the famous 'Senior Skit' to the songs *That's What I Like About You* and *Celebration*. Finally the Homecoming Court was announced and was the perfect ending to a perfect week.

**Royalty for a day!** The members of the Homecoming court: Greg Tesmer, Kim Ferrecchia, Mike Landers, Heather Smith, Dave Subbotin, Beth Flagg, Bob Donnelly, Deena Miller, Ken Norcross, and Betsy Lynch. Standing in front, the King and Queen, Stacey Sullivan and Pete Thier.

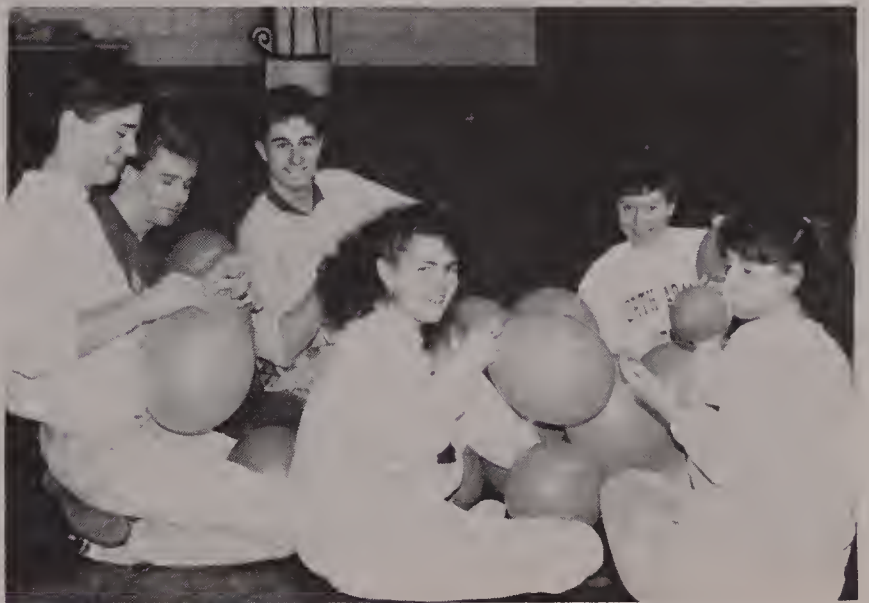

**Kick Off!** Senior Pete Long kicks the pigskin into the endzone during the big game.

# Celebrate Good Times *come on!*

**LEADING THE WAY.** Majorette Jen Kurbs and color guard members Linda Fenstamaker and Christine Santella lead the band off the field after half time festivities.

**BLOWING THINGS INTO PROPORTION.** After taking SATs in the morning, dedicated S.L.I.C.K. members decorate for the Toga dance.

**DECK THE HALLS.** Hard work does pay off according to S.L.I.C.K. members.

**"THAT'S THAT I LIKE ABOUT YOU!"** S.L.I.C.K. members strut their stuff during the Homecoming celebration.

# 'Twas the Night...

of the dance and all through the school not a creature was stirring, well, maybe a mouse . . . The stockings were hung in the cafeteria with care, in hopes that the couples soon would be there. The seniors were nestled all snug in their beds, while visions of the dance spun in their heads. While she in her gown and he in his suit had just finished dressing, and looked real astute. Then out of the school arose such a clatter, we sprang from our houses to see what was the matter. And what to our wondering eyes should appear, but Timmy Naze and Phil Juairé!

These two D.J.'s provided us with a little funk, rap, and Christmas music to dance the night away. And boy did we dance! The black, silver, and white decorations gave us a romantic atmosphere while the holiday scenery put us in a partying mood. Our senior semi-formal was lots of fun and a great success.

*DIPA, 3 YEARS  
In the same  
home room and  
know it's over,  
I only really got  
to know you last  
year. (I Don't know  
why) your wicked  
cool and groovy and  
I'll know you'll be  
successful.*

*Love  
Ken Papp*

**Gretchen Mauro and Daren Kitteredge** take a break from dancing the night away at the Senior Semi-Formal.

**Oh Christmas Tree.** Dawn Scholland cuddles up with her date alongside the Christmas tree.

# BURSTING WITH KNOWLEDGE

When we walk proudly across the stage and receive the diploma for which we've worked so hard to earn the last thirteen years, of which school-time memory will it remind us most? Is it learning about the human anatomy with Pick Z Bonapart and Jasper in Mr. Rigney's Human Phys course? Or is it fighting the Mac computers with Ms. Egan in word-processing? What about cramming for mid-terms? Or better yet, learning SAT strategies with the English department? Even better, canoeing with Mr. "Luddy" Ludgate on the lake-or exploring foreign countries with Mrs. Doyle or conquering different languages with the help of the Language department? Perhaps it is the vivid memory of the relief one felt when the algebraic equation finally balanced or maybe it's the thought of walking towards your art class down the practical arts hallway filled with the aroma of delicious foods from cooking, the chitter-chattering of small children in child exploring, or the melodies coming from the band room. Whichever memory is the one that stands out most distinctly, each graduating student takes with him the numerous memories which he has created over the past four years between the hours of 7:40 and 2:00 p.m.

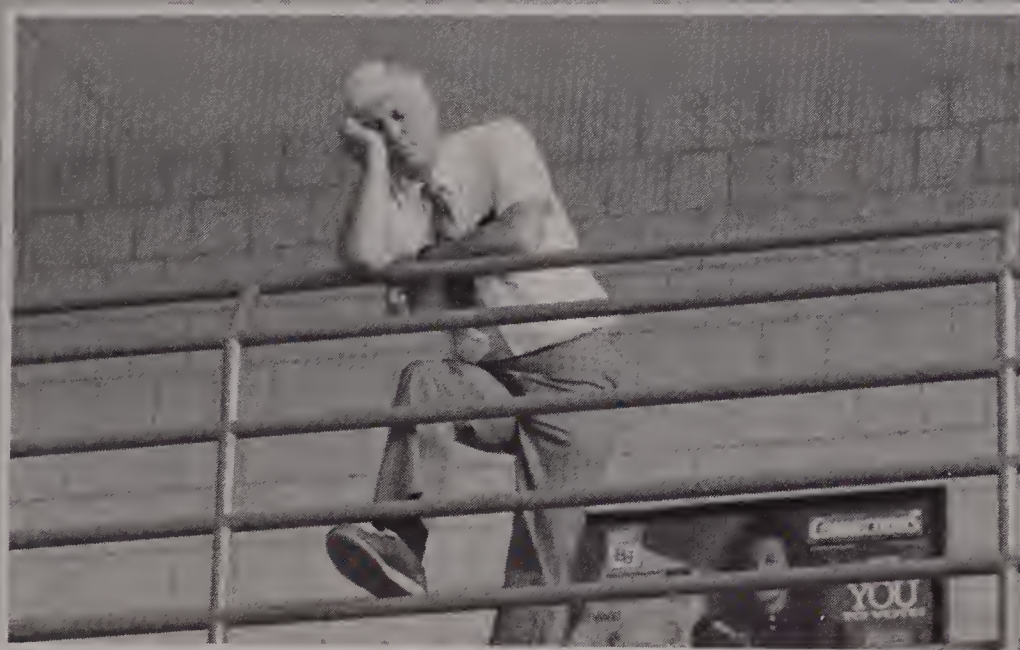

Dipa,  
I'm glad we got to be such  
good friends this year; it  
will make it easier next  
year at Elms! Its gonna  
be so much fun! Good

# Me and My Tutor !!

The peer tutoring program, run by Mrs. Jane Biagi can be one of the more satisfying experiences for a student. In the program, tutors, who are usually upperclassmen, donate their studies to work one on one with a fellow student, in a particular subject area.

In peer tutoring, the benefits acquired by the student being tutored are unmatched. Because students have unique weaknesses, working one on one allows the students to concentrate on those weaknesses. Furthermore, the student can feel comfortable working personally with a peer student rather than working impersonally with a teacher, who can sometimes be intimidating.

For the tutors, peer tutoring is an opportunity to help a fellow student, while promoting self-satisfaction. A tutor is able to share and transfer knowledge, and thereby serve for the good of the school. Watching someone you tutor comprehend a concept can also be very satisfying.

Education is a process by which students gain knowledge with teachers acting as catalysts. When peer tutors are added to the equation, the learning process is even more efficient.

# High School's Hard Enough As It Is, But Imagine...

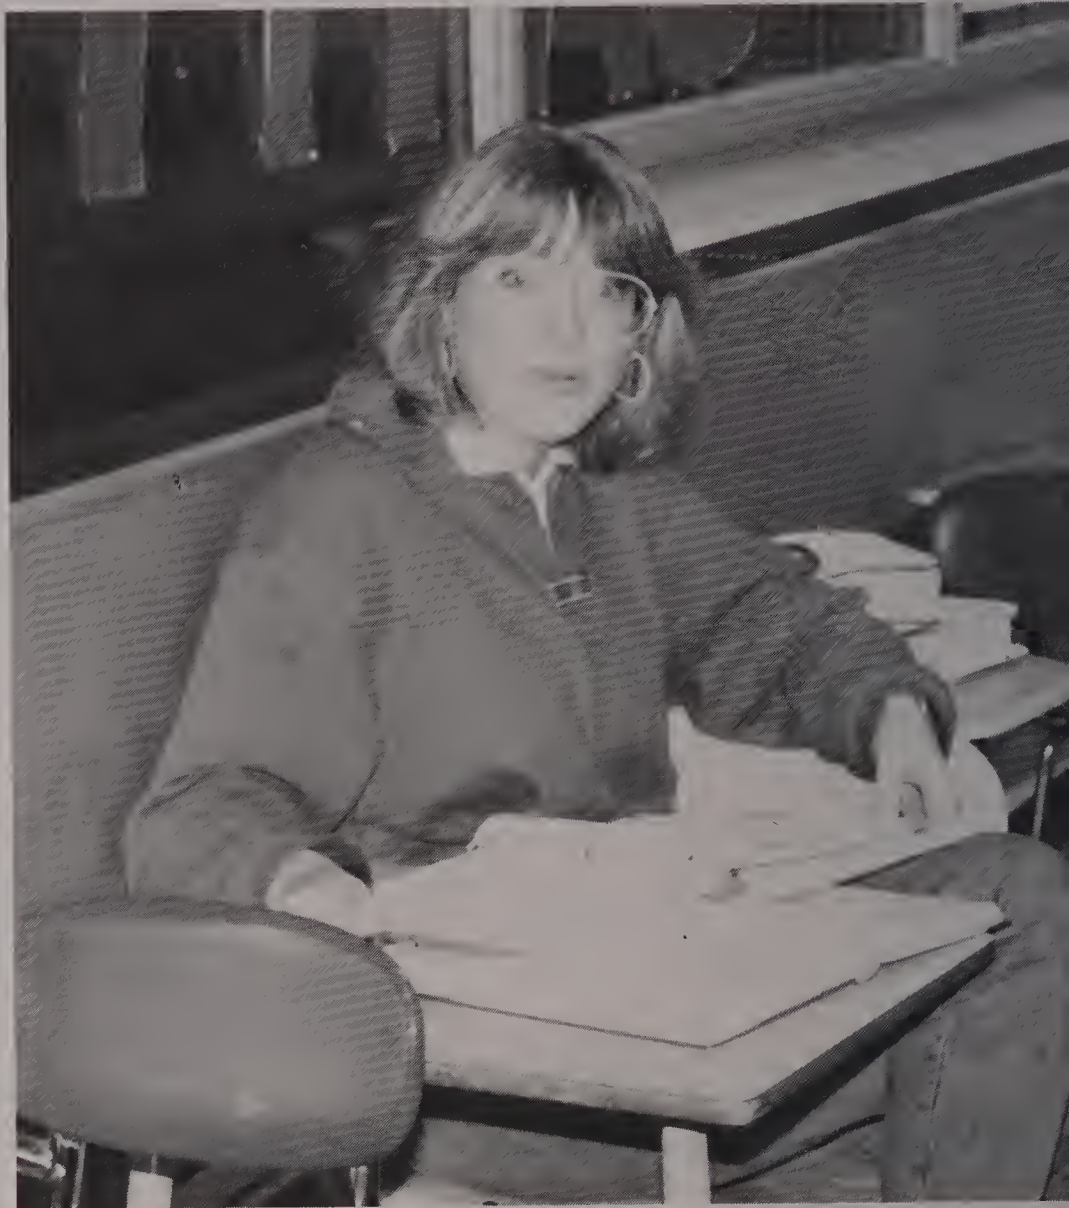

## Going to School in a Foreign Land!

We all knew that senior year would be different. For Stefanie Buch, the change was more dramatic than any of us ever imagined. Stefanie is an exchange student from Siegen in West Germany. Everyone knows that a transition must have been made, but how difficult was it?

German schools are much stricter and more difficult than American schools, according to Stefanie. She has been required to take English since the fifth grade and French has been required since the seventh which helped to break any possible language barriers she would have encountered as an exchange student. She was unable to select her own courses until the eleventh grade and her relationship with her teachers in Germany was not as friendly as it is here.

Stefanie intends to finish her senior year here. Upon her return home, however, she will face two more years of school in order to complete her high school studies. While we are all exploring our hopes and dreams, Stefanie will be completing her twelfth and thirteenth years of schooling in Siegen.

Although Stefanie is still looking at several more years of required schooling, she fully intends to continue her education in order to become a successful pediatrician. "Eventually I would like to return to the U.S. to visit my new family and friends."

What do you mean I have a test tomorrow? Stefanie Buch is speechless when she is told that she has a major test tomorrow. .

## You're Doing What?

Ew! That's really gross!!  
It smells icky too!!

While walking down the science wing during the early spring, you might notice a horrid smell. It's the smell of dead cats. For those of you who did not know, the students in Human Physiology get the pleasure of dissecting a cat. (Yes, many people do have one as a pet, but that does not stop us from cutting them apart.) Although this may sound totally disgusting at first, and it is, it actually does help to increase your knowledge of how your body works while at the same time you can become acquainted 'up close and personal' with a smelly, wet, and slimy cat. Besides dissecting cats, H.P. students learn everything about the human body from the path food takes when it enters your body to the name of every bone in the body. (This might sound overwhelming at first, but just think--there are twenty-four ribs and they all have the same name--RIB!) In case you weren't aware, Mr. Rigney teaches this course which is very popular among juniors and seniors. You know, he's the guy who runs around school in a long, white coat, speaks at rallies, is the announcer of athletic games at Kelleher Field, is the score-keeper at basketball games, is the Junior Class advisor, is the varsity baseball coach, is the chairman of the Student--Faculty Advisory Committee, and is the man who tells us all about **WHOOPIE PIES!** Phew! Yes folks! In his spare time, Mr. Rigney does teach a class or two!

**What happened to this student?** Did you ever wonder what your future had in store for you? Well, this student, known to us as "Jasper", may just be one of Mr. Rigney's first students. Today, Jasper assists Mr. Rigney with teaching the intricacies of the intestinal tract.

## Helping Others While Helping Themselves

Project Support class is an intensified examination of what really makes a "kid" tick. In this class, students are required to take an in depth look at their values and principles, learn to trust others, learn leadership skills as well as communication techniques. All these concepts are learned with an ultimate goal in mind--to better prepare these students to help a fellow student who may have a problem or to assist 8th graders with the transition into high school.

What makes the class unique is the way in which the kids learn all of this. Instead of memorizing out of textbooks, Mrs. Biagi leads the class in comprehensive class talks and exercises which pertain to the topic being discussed. These "exercises" include such things as "trust walks" and role playing, both of which are fun and help you learn by actual experience.

All this makes for an interesting class in which you learn not only about yourself, but also the best lesson of all--how to help others.

The Peer Support Group consists of Ken Paquette, Alechia Maguire, Gayle Adams, Jim Driscoll, Row 2: Kathy Jacobs, Shirley Tripp, Mark Huggins, Matt Burns, Bobbi Jo Lewis, Back row: Pam Bongiorno, Amanda Lobdell, Heather Mooers, Scott Harakles, Chris Minnucci, Mrs. Biagi

## *Where Do You Want To Go?*

**What class am I supposed to be teaching now?** Although most teachers teach the same classes all year long, that was not the case with Ms. Moffa this year. When Ms. Mazmanian took her maternity leave, Ms. Moffa took over her gym classes and Mike "The Trainer" Nanartowich became the new health teacher.

**You want directions to what field?** Each year come play-off time, AD Mr. Long gets hundreds of phone calls asking how to get to such obscure places as Czot Field in Chicopee where district soccer games are often held.

## Four-Year Olds Going to High School?!

In order for us to succeed in our classes, we need tools-pens or pencils, computers, paints and brushes, pots and pans, hammers and saws, and textbooks. However, in Child Exploring, a class taught by Mrs. Allen, the most essential tool that we need is a group of rambunctious 4 year-olds. Although most people think that this class is all fun and games because all we do is play with the kids, each student is only allowed to spend time with them once a week. When we are not teaching the pre-schoolers, we are either preparing a new lesson, observing the kids, or actually doing work from textbooks. The class is very structured and every minute is planned out. Each day, the kids have snacks and play outside or in the foyer if it's too cold to go outside. They also do different projects, read stories, and have 'happy thoughts'. This class not only helps us to communicate with younger kids, but it also gives the little kids a chance to go to high school ten years early.

**Is this the right way to do it?** One of the young pre-schoolers enrolled in Child Exploring looks to Amy Conary for guidance.

**Fa la la la la!!** Mrs. Toohey, the chorus and musical instruments teacher, strums away at the guitar, although there is no one there to listen to her.

**Did I do something wrong?** Chris Duggan ponders for a moment trying to figure out just exactly what the next step is when making a tool box in Woods.

Just being a **freshman** is an accomplishment - tearing down that wall between immaturity and maturity. What apprehensions do you have? Being *the* youngest, *the* underclassmen, and *the* ones to be looked down upon are the common freshmen fears. The good part about being a freshman is that you are not a number but a name. Throughout your whole life you have been a number-a seventh or eighth grader, but now you are a name. You are now a freshman.

Being a **sophomore** has its good points and its bad. You are not the "itty bitty" freshman who is ridiculed by the SUPER SENIOR, but you are now an upperclassmen, even if it is only to the freshmen.

**Junior** year is a spectacular year for any person to experience. This is the year for all the excitement- the year colleges look at your academics, and now the BIGGIE, the Junior Prom. This is the first experience with that damn bow tie and those shoes that are so shiny you can fix your hair in them. Time must also be spent shopping at ninety different places to find just the right dress, and if someone at the prom has the same dress as you, your life is over.

These are just some of the GREAT AND FANTASTIC things that can happen in your life as an underclassmen.

Digger,  
 I'm so glad  
 we're all friends!  
 Have a wonderful  
 life and have good  
 luck next year  
 and always!

Love,  
 Caitly Ray

 PART OF THIS

# TERROR ON WHEELS!!

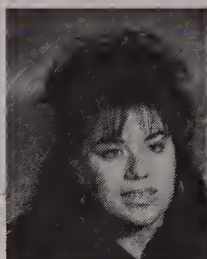

During our Junior year one of the best feelings for most students comes the first day we pull into the student parking lot with a car load of friends and a new license. That magical piece of plastic is our laminated key to freedom. The journey to get that key is a long uphill struggle, but is well worth every step.

It starts with Driver's Education classes. These long torturous sessions are set up to bore the necessary driving safety laws into our heads. The monotony is broken only by an occasional movie. After these tiresome hours are finally over, and the final exam taken, we are ready for the next big adventure, dealing with the Registry of Motor Vehicles. After standing in line and filling out forms for what seemed to be an eternity, we were ready for the Learner's Permit Exam. After passing the tough, ten multiple choice question exam which covered everything from what to do at a stop sign to what a

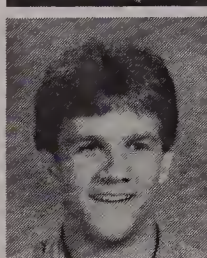

double yellow line stands for, we were ready for the roads.

The Learner's Permit was our doorway to mobility. Once this doorway was open, we were free to terrorize the streets. Then there were only two more obstacles to overcome in order for us to achieve freedom. The first and most important one is learning to drive the car. the next is passing the road test. Though this trial period many new concepts are encountered such as the full range of your parents' vocabulary and volume in a tight situation. Anyhow, with practice we become ready to take the road test. The registry officer is nothing to be affraid of if we truely want our license. Yes of course there are those of us who do not pass our first time around. Yet after the second, third, or fourth try we finally got the knack of the course or got an instructor that was in desperate need of a pair of glasses. At last we achieve freedom, **OUR LICENSE!**

## Time For SATs!

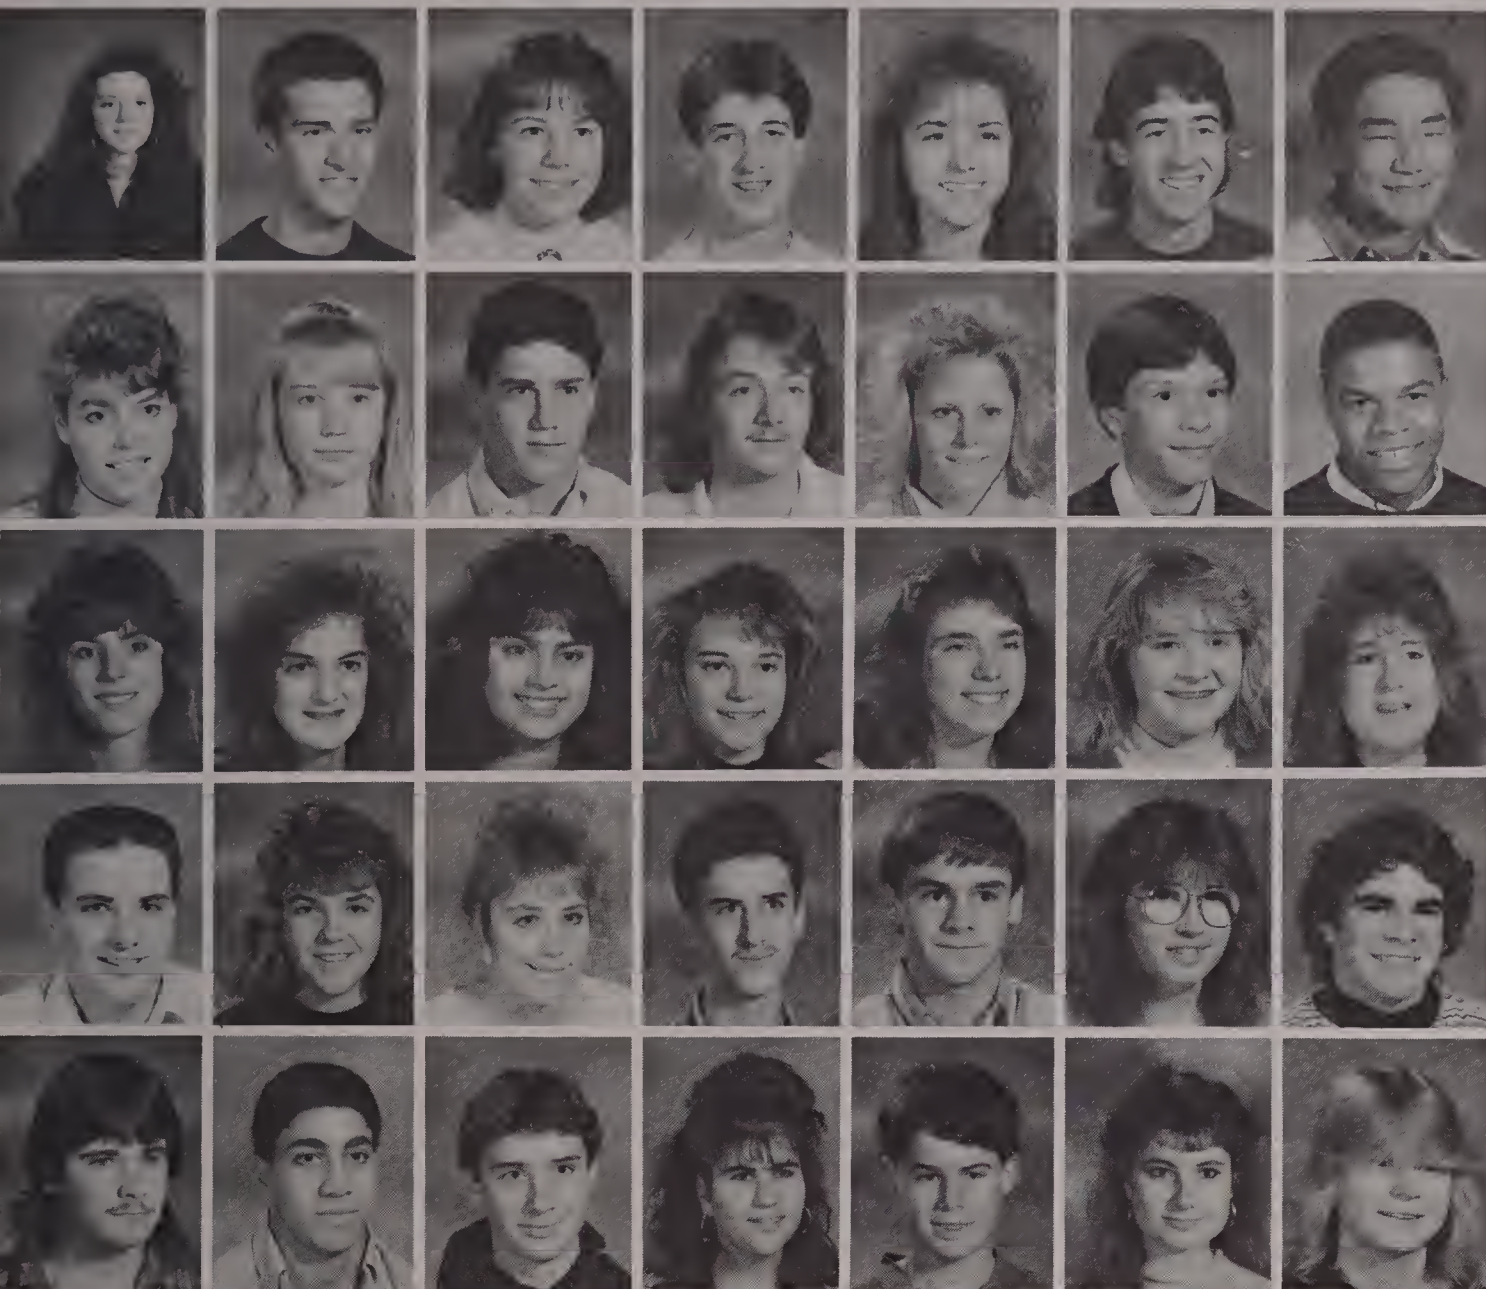

College is only a few years away, but preparing for it starts early junior year. One of the most built up fears of the college selection process is passed by the Scholastic Aptitude Test.

In lining ourselves up for these dreaded S.A.Ts, varying amounts of effort were exerted. Some took weeks of study in an expensive course, while others of us did a quick review in the practice test provided by the College Board. Both involved cramming as many vocabulary words and math problems into our minds as fast as possible. With a little luck, study, sleep, and a number two pencil, most of us survived the testing all right. We may have had to drag ourselves out of bed for the 8:30 testing time, but somehow, I think we found the energy to celebrate our accomplishments.

**Study Hard!** Junior Kirk Baggs stays up to study for a dreaded test.

## OFFICERS' ALLEY

**Leading the way.** Junior class officers Erik Callahan(Pres.), Colleen Milliken(V.P.), Carrie Farrell(Treas.), and Nicole Gadbois(Sec.) pose with their advisor Mr. Rigney.

We, as the officers of the Junior class, have run into some difficulties this year. We started out the year with a jacket sale. It did not go as well as planned but it was effective. We've had our problems but all of our hopes are up in the air in anticipation of the prom. Everyone is working hard and it should go well. Most of all we are glad to be the trusted officers of the class of 1990 under the leadership of Mr. Rigney. We are proud not only to call him our advisor but also to call him a true friend.

## Catch Me, I'm Falling...

As juniors, we are required to take Project Adventure in place of gym. Every other day, we Juniors braved the burning sun, the freezing cold, the sleet, and the snow while occasionally get soaked to the bone! During the year, we took part in several activities such as the Ropes Course, where you learn to work with the members of your class on solving problems such as getting everyone to stand on the three foot by three foot board at the same time(it can be done!), and figuring out how to get every member over a twenty four foot high wall. Other activities that we participated in during the year were hiking, rock climbing, cross country skiing, ice hockey, and canoeing. After all is said and done, we, the Junior class, will look back on those days of torture and wish they were here again.

**Hope you're not afraid of heights!** During her project adventure class, Nikki Gadbois bravely passes across the log which is suspended 40 feet in the air.

## A Sophomore Tradition!!!

What is accented with the sparkle of silver and the glitter of gold? You guessed it, our class rings. The class ring is more than a twisted piece of metal and rock on a student's finger. It is a tradition that has been passed down from generation to generation. It represents our graduating class as well as the activities we have been involved in these past few years. Part of our personal character is present in each of our rings. The emotions captured in our expertly crafted ring will last for years to come. Hopefully twenty years down the road when we open our jewelry box and see our class ring, the memories it brings to us will certainly outweigh the price tag we had to pay.

**See them sparkle!** Sophomore year is the time to get class rings, and Laura Gelina and Ann Toohey show theirs off!

## Spanning the Globe!!!

From Chinese food to Middle Eastern cuisine, Cultural Geography is interesting. Of course our special lunches aren't the only fun thing about the class. Mrs. Doyle makes learning fun with movies, mock trials, debates, and tons of colored maps. She not only teaches us about the lay of the land, but also the people living within them. The class is not all fun and games, but the extras Mrs. Doyle includes make learning about the world enjoyable.

Being a sophomore class officer is a fun but timely task. Our first task was getting everyone's school pictures all set. Next of course the Freshmen-Sophomore Semi Formal arrived. None of us expected this to be such an undertaking. By the time our dance rolled around we, including Miss Roy, were going crazy. All in all, we are proud to represent the Sophomore class of "91".

# A Fall Night To Remember!

As we walked into cafeteria we were astonished by what we saw. The cafeteria had been transformed into a colorful fall scene, decorated in a menagerie of colors.

"The decorations looked great, along with the whole set-up!" exclaimed Christie Flagg, praising the work of the decorating committee and Ms. Roy.

Everyone was dressed up and looked great. And for the first time in the Freshmen-Sophomore semi-formal history, we had pictures!

Then, we all sat down for our delicious deli dinner with cookies for dessert. Afterwards, the music began to play and the sophomore girls led the way to the dance floor. The freshmen girls were shy at first, but soon enough, they were dancing the night away too. Finally, (to the amazement of everyone there,) the guys started to boogie down with the girls, and we all had a great time!

To sum it up, Nicole Lewis, the freshmen class president, said it best, "It was fun getting dressed up. It was almost like a prom for the sophomores and freshmen. The music was great to dance to and everyone seemed to enjoy themselves. It truly was A FALL NIGHT TO REMEMBER!!"

## The Freshmen

**Havin' a great time!** Jeff Lambert and Erin Dobson enjoy dancing the night away.

# Sophomore Semi-Formal!

**Double your pleasure!** Sophomore Todd Gardner seems confused over who to dance with ... Tanya Downs or Tricia Miele?

**Getting cozy.** Kristina Reitz, and her date Kevin Hodge take a break from the dance floor.

**Smile!** Kevin Hodge, Kristina Reitz, Amy Domings, Chris Vellante, Leo Mercado and Renee Gauthier are all smiles as they pose for this group picture.

**Movers and shakers** Shannon Yasco, Claire Stafford, Julie McLaughlin and her date, live it up dancing the night away.

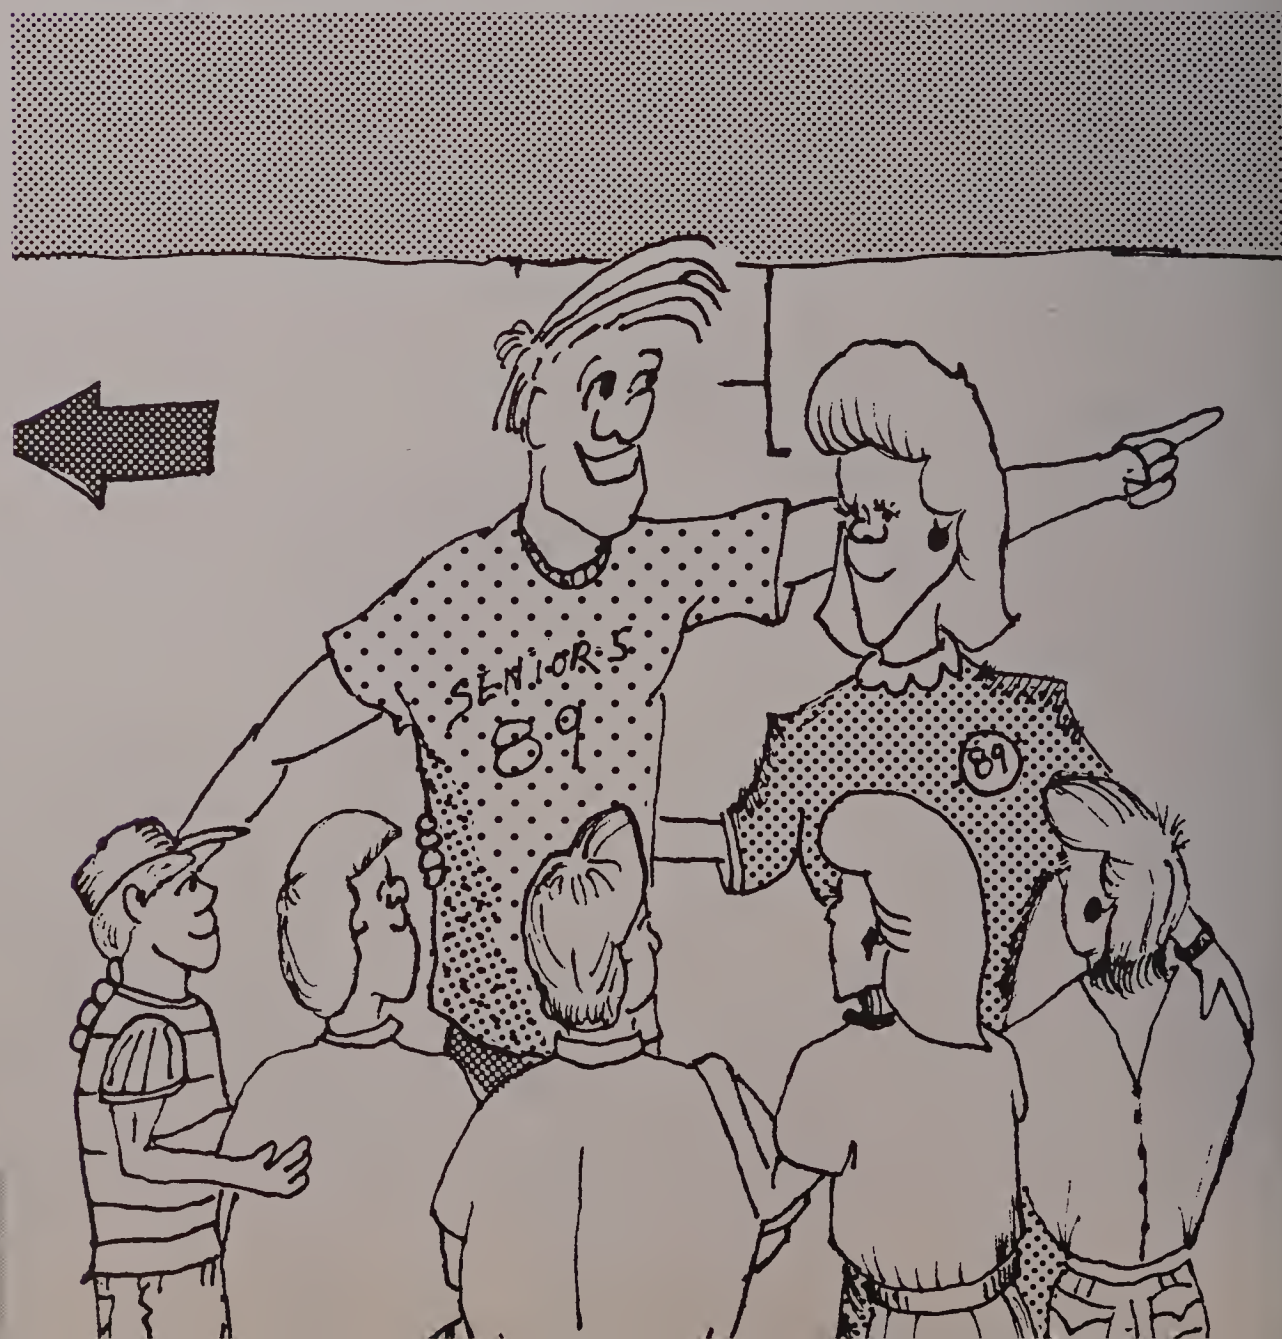

# Freshmen Follies!!

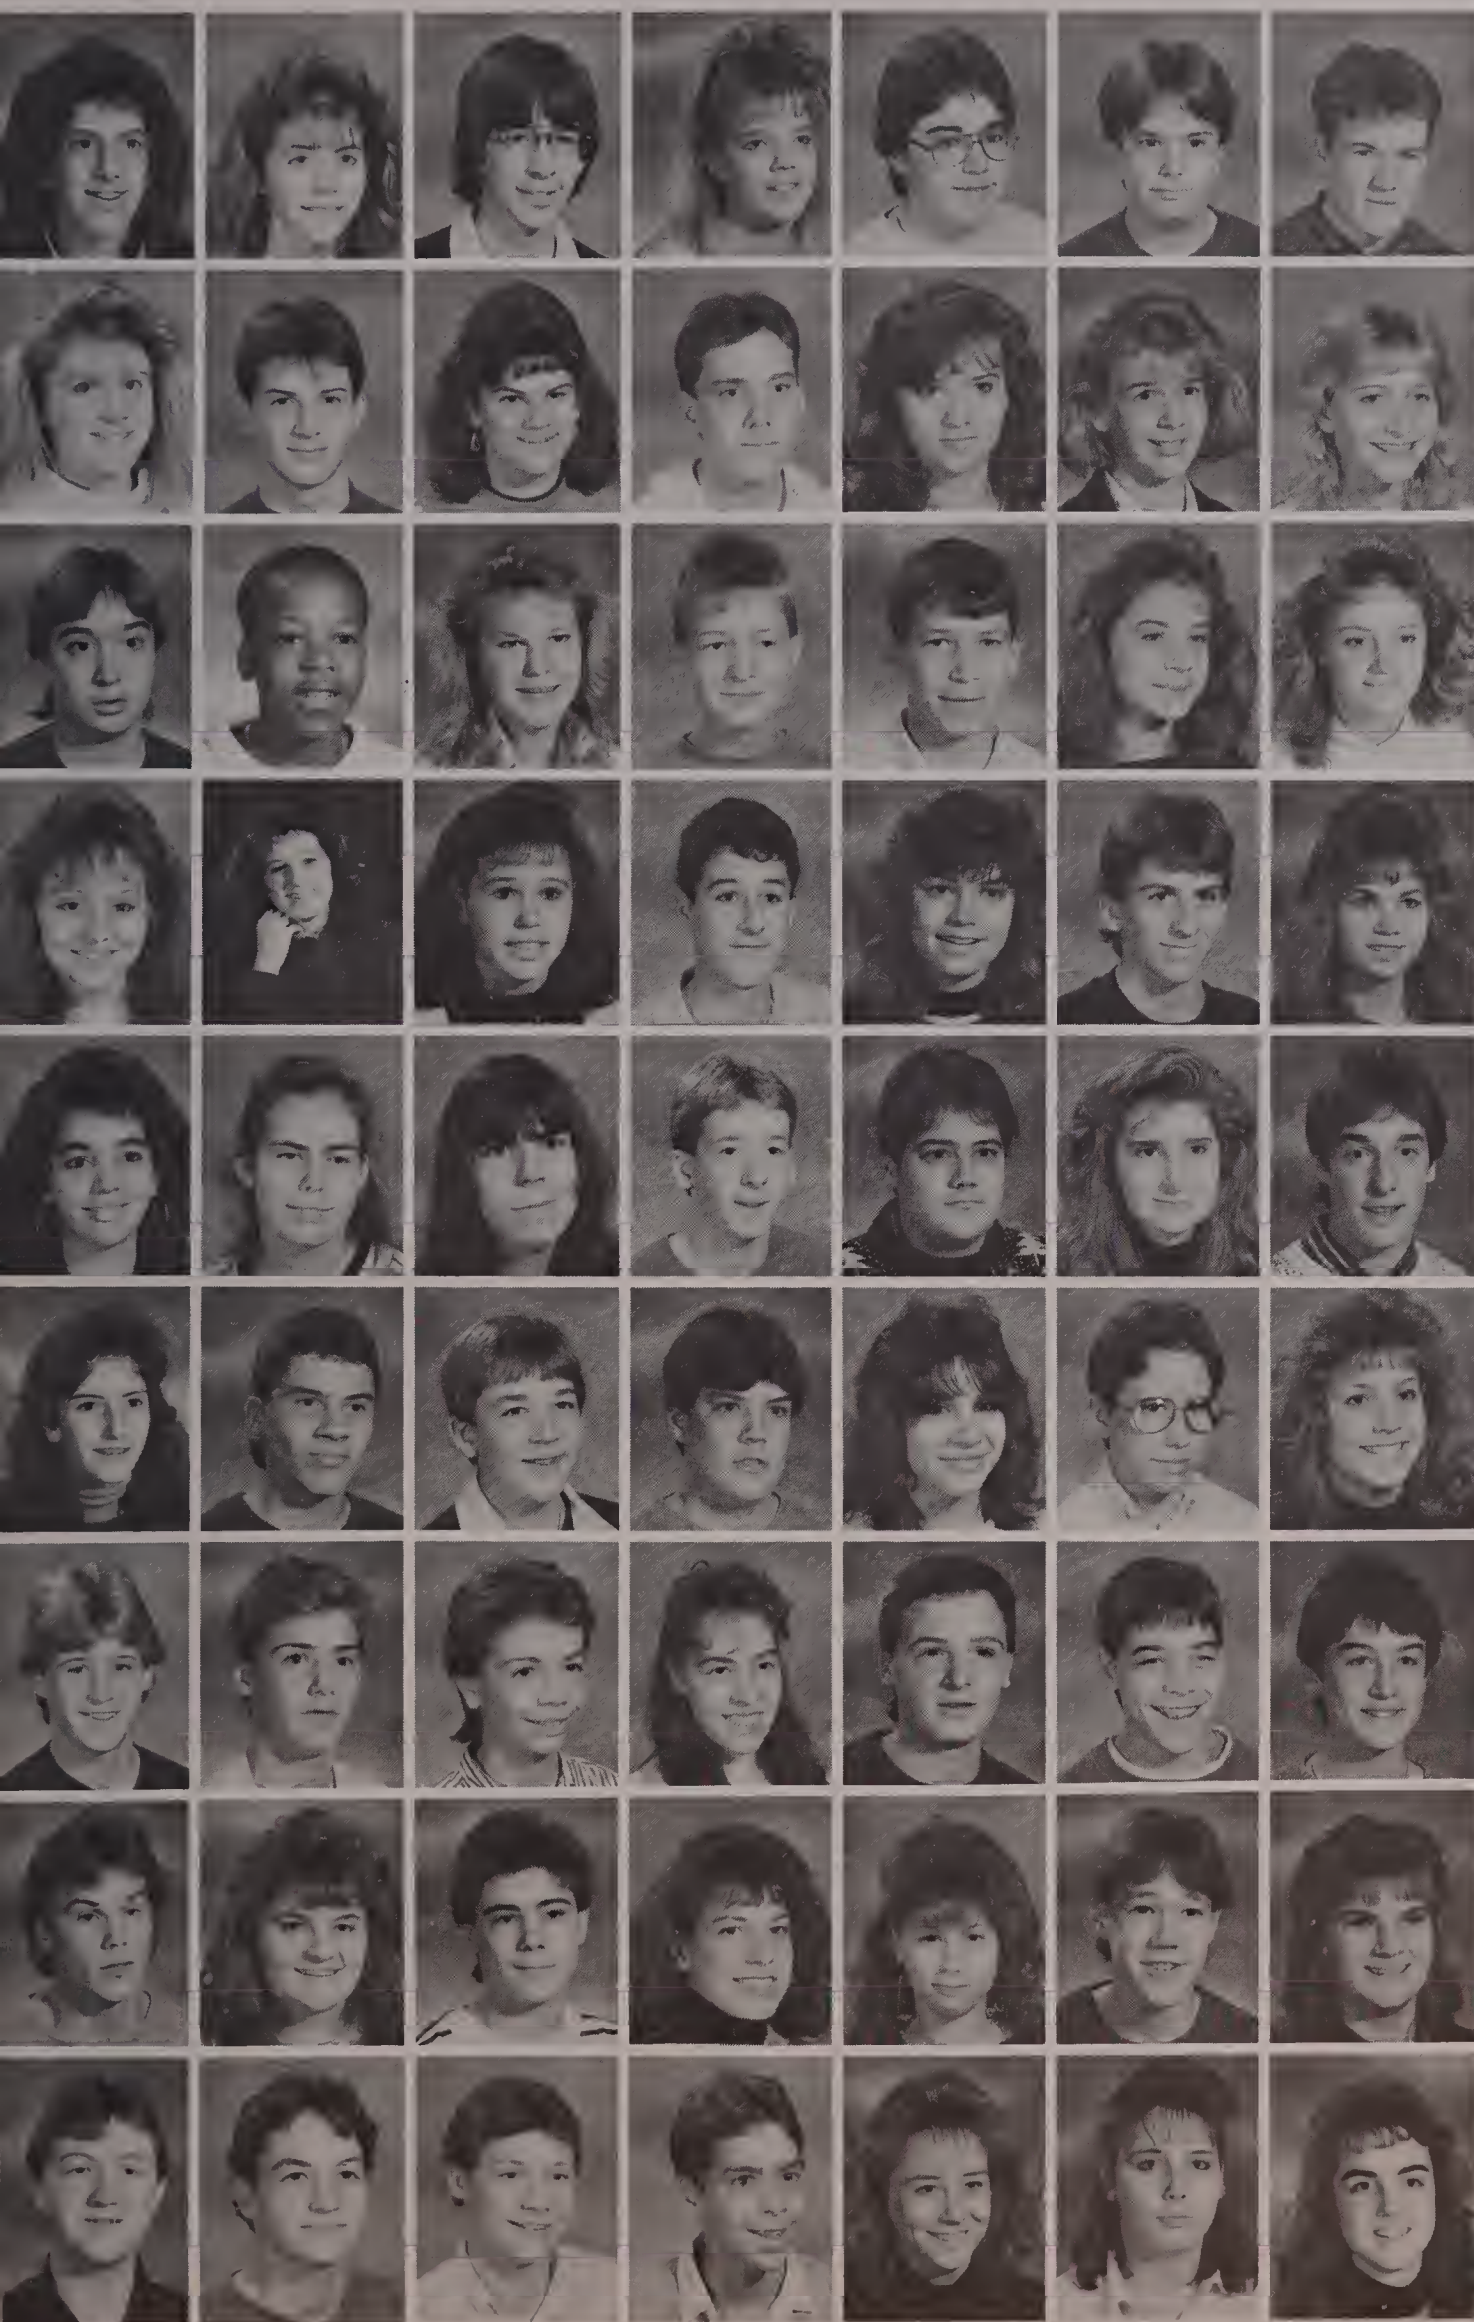

The first thing I remember from the beginning of freshman year is the two weeks before school. I was anxiously awaiting the arrival of my school schedule. When it finally arrived I called anyone and everyone I knew to find out if they were in my classes. When that was over, my imagination began to run wild. I pictured how life would be here at good 'ole MHS! In my vivid imagination I pictured kids walking around trying to find out where their classes were. I saw poor freshmen asking senior's for directions to class. In my mind, the senior quickly pointed into the opposite direction and instructed the student to go into the Art wing for his Math class. These senior pranks continued in the hallways where tickets were being sold to underclassmen for a ride on the school elevator. Thankfully the first day of school arrived and all of these vivid imaginations were quickly put to rest.

I recall walking into the foyer and seeing the look of amazement on my friends faces. We all went from being the "Kings of the Hill" in middle school to being the "Low Life Freshmen" in high school. The size of the building was enough to intimidate last year's royalty.

As the year has progressed I have learned my way around the building. I've made new friends and kept many old ones. High school has helped me mature a little, but I still can't wait until we are seniors so we can once again be "The Kings of the Hill"!

## OFFICERS' ALLEY

**Marlborough's future!** Officers Jessica Scott (V.P.), Kim Boyle (Treas.), and Khine Lim (Sec.) stand with their advisor Mr. Masciarelli. Not shown is Nicole Lewis, (Pres.)

Being class officers, we have received a behind the scenes look at our class. Our first discovery is how difficult it is to raise money. Less than 60 students participated in our class fundraiser, and only about one half of our class has paid their class dues. As class officers, we have a say in what we want for our class. Our ideas can be heard and we encourage any freshman to inform us of any ideas they may have. We have learned that representing the class of 1992 involves time and responsibility.

**Catching some rays!** Freshman Michelle Thier relaxes with a drink at the beach dance.

**Lunch anyone?** Waiting for their bus to pick them up and take them to lunch are Paul Pasko, Katie Wilkinson, Joan Shannon, and Ken Loiselle.

Front row: Katie Wilkinson, Cody Davidson, Paul Pasko, Sally Jo Gardner, Row 2: Ms. Fehlan, Ken Loiselle, Brian Boisse, Nadine Burt, Burke Mahoney, Row 3: Raymond Lizotte, Ellen Gallagher, Joan Shannon, Paul Tatten, Back row: Ms. Fitzgibbons, Mrs. Masciarelli, and Mrs. Reynolds. Missing from the group are: John Anziano, William Bradbury, and Brent Johnson.

**Front Row:** Ellen Gallagher, Student Aide John Michailos, Charlie Williams, Bill Harris, Elizite Noguera, Dianne Fournier, Tammy Bernier, **Top left:** Mrs. Sipos, Yvonne Van Buskirk, Peter Kennedy, Edmund Frye, Robert McKeever.

**Ready for the ride home!** Raymond Lizotte and Sally Jo Gardner wait for Mrs. Reynolds to let them head for the foyer and start their journey home.

**Happy face!** Katie Wilkinson smiles for the camera.

# HAVING A BLAST

What do we do from 2:00 P.M. to 7:30 the next morning? We explode into action. Doing what you might ask? Take for example designing our Halloween costumes, going wild at our school dances, taking part in the donkey basketball game . . . we could go on for hours! Here at M.H.S. there is always so much going on that it is impossible to take part in everything. We have clubs and activities to suit everyone's interests. From Student Council to Ski Club, we have it all! Let's explore all the extras that make Marlboro High a fun and exciting place to be!

**W**ARNING:  
THIS WILL BE FUN!

# Donuts In The AM

## The Weight Room

When wandering towards the door to the back parking lot people have been known to ask, "What's that smell?" Well, that is no ordinary smell- it is the smell of sweating bodies and working muscles. The weight room is open every day after school and is complete with all the necessary equipment including a stereo. There are approximately 30 daily users not including the sports teams which are required to work out. Shown here are some daily "lifters."

## What will I write under my yearbook photo?

Seniors Laura Powazinik and Jen Hogan enjoy their donuts at the senior breakfast held in September.

**See my buddy?** Senior Linda Wooster and her new found freshman buddy flash their pearly whites to the camera.

**Who do you think is sexiest?** Matt Jackson, Danielle Chicoine, Jodi Ingebritson, Deb Natale, and Gayle Adams cast their votes at the senior breakfast.

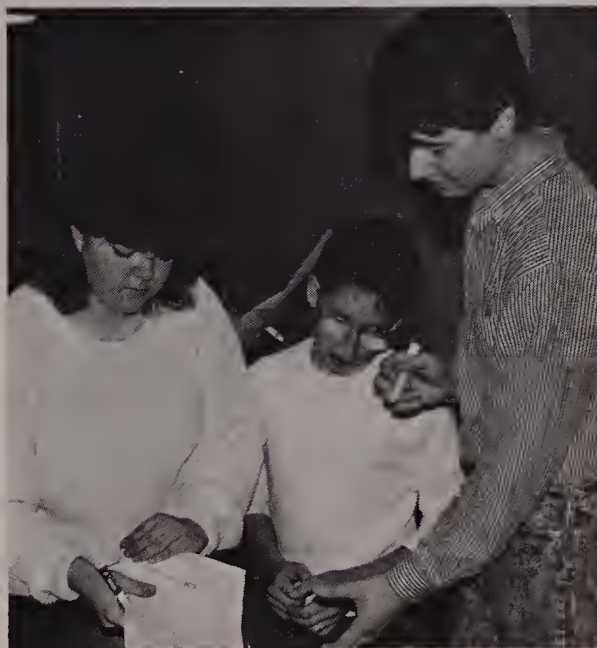

**Only one more line left** Stacey Agostini, Carol Spencer, Tracy Amorelli, and Vicki Cahill finish their write-ups at the senior breakfast.

**I have three earrings in one ear** Seniors Tina Painton and Brenda Callahan show their freshman buddy around at the buddy breakfast in October.

**Do you have an Aunt Barbara?** Seniors Jeanna Hanes, John Michailos and their freshman buddy try to complete their list.

**Think I'll get most masculine?** Rob Atwood shows off his great physique for the camera at the senior breakfast.

**The intriguing look is in.** Senior Cindy DaRocha struts her stuff at the senior breakfast held in September.

## Where is your favorite dating hangout?

Here's where some of the members of the senior class spend their spare time with their mates.

Heather Mooers "my boyfriend's house"

Lynne Bergstrom "the beach (any season)"

Greg Tesmer "Newbury Comics"

Randy Kay "Assabet parking lot"

**Look at those ears!** Senior Mouseketeer Hope Stier and "Spock" Lynne Bergstrom show that ears can make a difference!

**It's time to make the donuts** These gorgeous women are seniors Matt Burns, Rich Corner, Pitak Allen, and Sean O'Sullivan.

## Halloween

... on a Monday is exactly what we all needed to get the week off to a good start. As we entered the foyer we were greeted by Jason and Freddy, those gruesome nightstalkers. Next we ran into Tweedle Dee & Tweedle Dum, our childhood friends. We had a chance to meet rabbits, cats, mice, and ducks that actually walked and talked. We often had to protect our honor from the cowboys and pirates that wandered our halls. And as the day ended, we strutted our costumes in the foyer.

**Did I hear Reggae?** Senior Michael Collins shows off his new beard and hairdo. Where'd he get those shades?

**Abra Cadabra** Magically Anita Stetson was pulled out of his hat.

# Strange?!

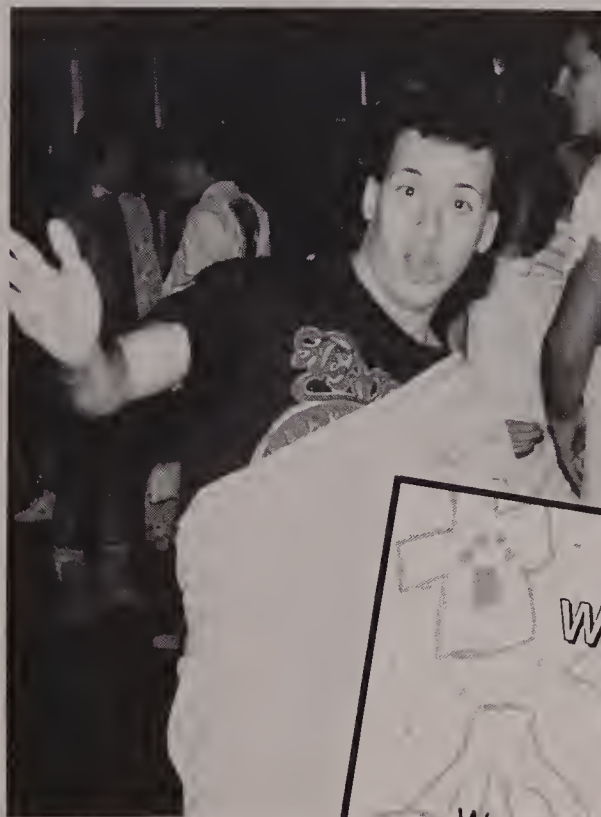

**Bird's eye view** Students "get down" at the Toga dance which was held in November.

As a cool, crisp autumn day came to an end, teenagers scurried through closets and rummaged through attics looking for Homecoming Dance togas. What a fun night ... curious ... high school students wrapped in sheets. Freshmen and friends from other schools were unsure what was the accepted garb for the night. There were tons of streamers and bunches of grapes that resembled balloons suspended across the foyer. We regressed for a moment, back many centuries in time to the days of the ancient Romans.

**Here I am.** Senior Doreen Yenovkian dances the night away. The toga dance is held in order to celebrate Homecoming.

**Here I am, too.** Senior Chris Cintron amazes the crowd with his dancing ability. Where'd he get that awesome striped sheet?

**Dance everybody** Students dance around in anticipation of the event to come. The queen, her court, and their escorts are soon to make their grand entrance. They share one slow, sentimental dance and then the beat goes on.

We wouldn't be caught dead wearing:

We polled the members of our senior class and the top five answers are on the board. They are:

1. Bell bottoms
2. Spandex
3. Polyester
4. Tie dye
5. Plaid

# TURKEY DAY RALLY

**And the crowd goes wild** A crowd of seniors shows its enthusiasm during the Turkey Day rally.

**Psyched up** Seniors Ray Marbury and Derek Patterson show their excitement during the Turkey Day rally.

**Oh yes!** Cheerleaders Maura Galvin, Doreen Yenovkian, and Kim Ferrecchia show their muscles.

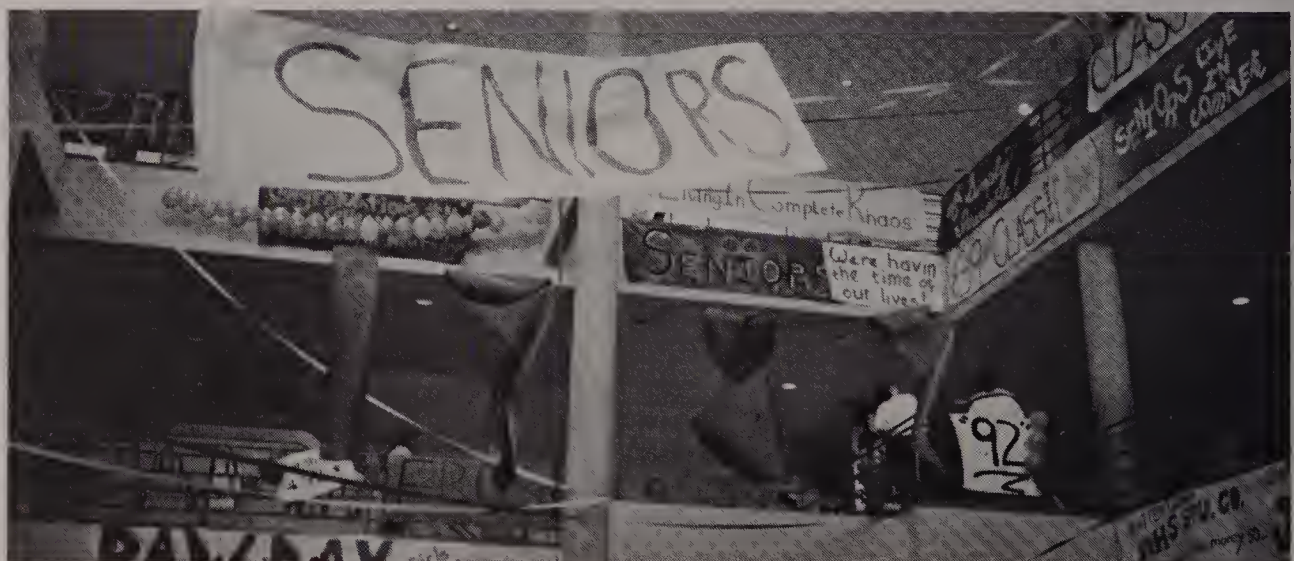

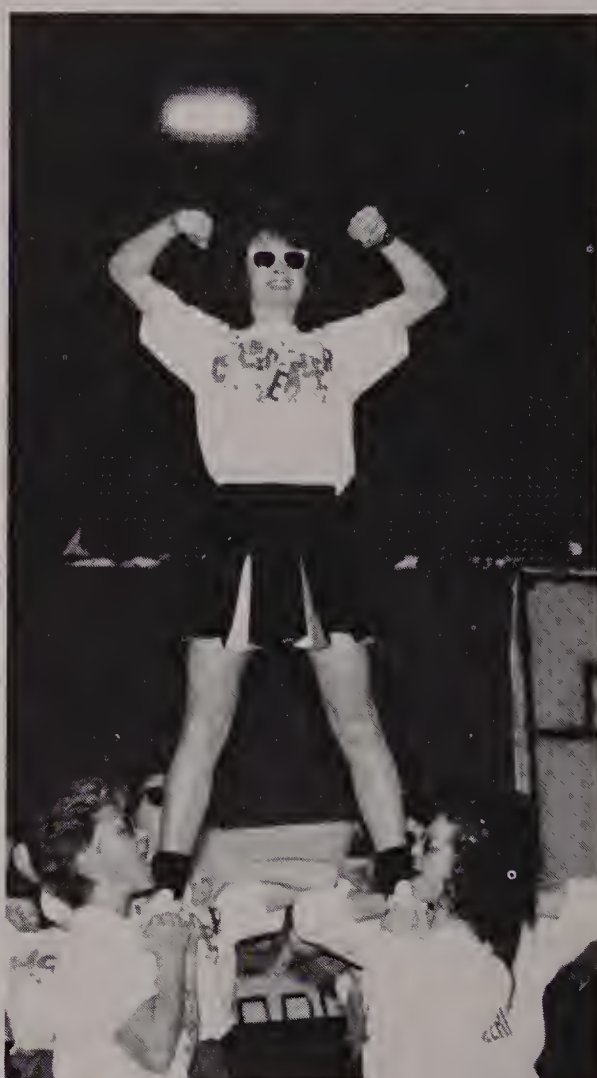

**Destroy that hawk!** Senior Jeff Gogan takes a swing at the paper maché hawk representing our rival, Hudson.

**Will the faculty win?** Mr. Rigney races faster to finish wrapping the faculty in toilet paper.

**The remains** The hawk hid in its belly all this candy and confetti for the crowd.

**Decorations galore** The school got a "face lift" the night before the rally. Every class participated by decorating their halls.

Surfin' Safari

A little bit softer now If you don't mind getting a little dirty, the beach dance is the place.

**Let's go surfing.** Senior Mike Howard attempts to surf on the top of the railing as Pete Long shows us his muscles.

**Hot Stuff** Seniors Pitak Allen and Heather Smith show that they know the moves.

**Think beach** The crowd dances to the beat at the beach dance which was held in January. Everyone donned their t-shirts and shorts for the occasion.

The best excuses we've used to break a date are:  
Ever been asked out and not wanted to go? What do you say? Well, here are some ideas for future reference.  
Tracie Christie "I'm going to be very busy with other important things."  
Dan Hill "I'm not in the mood."  
Daren Kittredge "My mother is having a tupperware party tonight."  
Tracy Amorelli "I have to babysit my sister all night."

**"Do your best"** On November 8, 1988, the MHS Student Council had an experience we will not soon forget. We hosted the 1988 Central District Mass. Association of Student Councils Conference. It was an event that took a lot of planning and preparation, from preparing our skit, "Fifty Ways to Fool Your Mother", to organizing workshops for everyone to attend. We were lucky enough to have a nationally accredited motivational speaker, Dan Clark to speak to us. About 350 students attended and everyone received a custom-made button with their name on it. We had lunch catered and ate buffet style. One advisor who attended the event said it was the best conference in twelve years. Everyone had a great time, met new friends and learned a lot.

**This could be for you** S.A.D.D member Mary Trodella works on completing the coffin which held a mirror in it to relay the message, Don't Drink and Drive.

**Where's your service note?** Senior Stacey Strickland consults Mrs. Pascarelli about her missing service note. All NHS members are required to do two hours of service a month besides attending the regular meetings.

**Scrub A Dub** Sophomores Amy Domings and Tara Bourgeois use some serious elbow grease during the Student Council faculty carwash. The student council holds this car wash every year free of charge to show their great appreciation of the MHS faculty.

**Strumming away** Senior John Baldwin practices his guitar. He is one of the many talented music students we have at MHS.

**Land of 1,000 dances** The band shown working hard to keep the beat and entertain the fans with their music. The band also does half-time shows for the crowd.

**La, La, La** Seniors Germaine Gelina and Shawann Watkins warm up their voices during chorus practice. This year the chorus traveled through the school serenading the students and faculty with Christmas carols. Talk about spreading the Christmas spirit. The chorus also held a concert in December which was quite eventful.

**Nine drummers drumming** Senior Ronnie Brenn and the rest of the drummers practice for the fall sports rally. The band plays a very large part in the rallies, not only entertaining the crowd, but getting them "psyched up."

## Say What ?

"gentle": a word applied to something which you have a liking toward. (It takes the place of the dreadfully over used word "awesome").

"dren": a word used when you want to insult someone without them knowing. (it's nerd spelled backwards)

"double crosser": a girl or boy who can't handle less than three boyfriends or girlfriends.

"I have no clue": a term used when you have no idea what's going on.

## Deep, Dark Secrets Revealed...

The person I share my secrets with is . . .

Your best friend is the keeper of many of your secrets. You also share secrets with your boyfriend or girlfriend. There are some, however, who would rather share secrets with a pet than with a human. Maybe these people know something that we don't.

My secret fear is . . .

Death and concern about getting AIDS are your biggest fears. Others would rather die than get arrested.

My secret hideaway is . . .

When you want some privacy, the majority of you head to your bedroom. Other popular hideaways are cars and beaches.

The car of my dreams is . . .

There is no question about it, most of you dream about owning a Porsche. Other dream cars are Corvettes and Lamborghinis.

Secretly I wish I looked like . . .

Most of the girls want to look like either Paulina or Heather Locklear. The boys believe that if they looked like Tom Cruise, they would have all the right moves.

12. a-3 b-1 c-1
13. a-1 b-1 c-3

## WHAT YOUR SCORE INDICATES

16-26 points. Your self-confidence level could use a big boost. If you don't feel comfortable about yourself, how can you expect others to feel comfortable around you? Take a second look at yourself. Start today to make a list of your good qualities and those you want as a part of your image and personality. Repeat them over and over to yourself until you recognize that you are a worthwhile person and have alot to offer. And don't forget to give yourself a pat on the back every once in a while!

27-37 points. Although you are not completely lacking in self-confidence, you probably don't have much motivation, and are easily discouraged. Your friends are extremely important to you, and you are much more influenced by them than anyone else, even if you know they are wrong. This could ultimately lead to bigger confidence problems down the road. **NOW** is the time to give serious thought to who **YOU** want to be and go for it!

38-48 points. Not easily discouraged or sidetracked, you have a clear sense of who you are and what you want. You're an achiever who strives for maximum results, but you are secure enough to know when to let up on yourself. Most likely, you are popular and have a wide variety of interests. If you also treasure time by yourself to refuel. Keep your confidence level high and you will continue to lead a very successful life!

## HOW DO YOU BRUSH YOUR TEETH?

CIRCULAR MOTIONS	22%
UP AND DOWN	24%
SIDE TO SIDE	52%
I DON'T BRUSH	2%

## Say What ?

"s'up?": a greeting inquiring how you are (This is a contraction of "what's up?").

"Let's hook up": a subtle way of saying let's spend some time together.

"I can't give you a thing": usually used when dislike is felt toward a certain someone.

"ball and chain": a term used to describe being committed to a boyfriend or girlfriend.

"C'ya": a classic goodbye among M.H.S students. This is a contraction of "see you later".

# THE YEAR IN REVIEW

## Fire at Yellowstone National Park

Even after 10,000 men and women from as far away as Maine had battled the blaze for three months, it took nature to finish the job. By the time November's snows had snuffed out the last ember, 1.38 million of Yellowstone's 2.2 million acres had been charred. It was the worst fire ever recorded in our national parks.

## Bangladesh

The heaviest monsoon in decades leaves 80 percent of Bangladesh under water, 30 million without homes and 17 years of economic development destroyed.

## On the beaches

More than 50 miles of New York beaches are closed to swimmers because of debris - hospital waste, syringes and blood vials - washing ashore.

## Airplane Tragedies

The first major airplane crash this year occurred the final stunt at the annual air show at Ramstein, a U. S. base near Frankfurt. Three Italian jets collided above a crowd of 300,000 spectators. Another scare happened when an Aloha Airlines flight lost a portion of the aircraft 24,000 feet in the air.

The pilot miraculously maneuvered the plane to a safe landing on Maui. Only one person, a stewardess, was killed.  
**Nightmare On Elm Street**  
 No wonder Nightmare On Elm Street's Freddy Krueger is smiling. Fans snapped up \$15 million in scalded faced masks and finger knife gloves.

**Whales**  
 For three weeks a united world looked on as the motley rescue team of Eskimo hunters, oil companies, environmentalists, Soviet icebreakers and the Alaskan National Guard struggled to free three California gray whales icebound off Barrow. By the time a passage was forged to open water, one of the whales was believed dead.

The survivors faced a perilous journey past killer whales and Japanese fishing boats en route to their winter feeding grounds off Mexico  
**Oprah**  
 Oprah Winfrey loses 67 pounds in four months.  
**Roger Rabbit**  
 A raffish rabbit and Bob Hoskins star in an animated live-action film where the cartoon folk have realistic shadows. A real summer hit!!!

**Building a scarecrow?** Chris Mahoney and Lisa Marchesseault have a slight disagreement while on the A.F.S hayride. The hayride took place on Sunday, November 27 and about 15 members attended. It was a fair day, weather-wise, but a great day for all involved. Following the hayride the hungry travelers ventured to the Hebert Candy Mansion for a make your own sundae feast. Even though their journey didn't take them that far from home, it did prove to be a very memorable experience.

**Skiing anyone?** Senior Ken Paquette heads for the slopes of Mt. Wachusett with the ski club. All the members meet at the school for a fun filled bus ride to the mountain.

**What's the square root of 256?** Seniors Kyaw Lim and Rich Lucas practice for their monthly Math League competition. Besides taking tests the Math Club also enjoys other activities such as films to broaden their knowledge.

**Strut your stuff** Senior J.J. O'Malley shows what he is made of on one of the slopes at Mt. Wachusett. For 6 weeks of the winter M.H.S students attend Wednesday night ski trips to Princeton. They leave at 5:00 on three buses and do not return until about 11:00. While they are there they are able to take lessons, or just hit the slopes with their friends. When they get tired the lodge is always open with it's warm fireplace and tasty food. It is in the lodge where they are able to meet new people or just kick back and relax. Although on Thursday everyone is tired and sore, they all feel that the fun was worth it.

**Let's be friends** Junior Mary-Ellen Boers pets her new found faithful friend on the A.F.S hayride. Besides the hayride, A.F.S members also engage in exchange programs with other schools throughout the country.

# ALL FIRE UP!

Over the years, sports have flourished into more than just competition.

They have, in fact, become of great importance in our lives. The victories and the tough defeats have added to our personal growth. By accepting our losses and taking pride in our triumphs, we have all developed into better people. Using our experiences, we can now strive for higher achievement. And set future goals.

Eventually all the sweat and pain we so willingly devote to our sports pays off. Any athlete will tell you the excitement you feel when you win is much greater than the disappointment you feel when you don't. In the end, it's all worth it! All our efforts make the community proud of our achievements we are grateful to the parents, faculty, and students who have stood out in the burning sun, the bitter cold, and even in the snow just to cheer us on. thank you for your support!

M.H.S. ATHLETES ON

VICTORY!

# The good, the better: he **BEST**

We would like to thank Mark Campbell for all the times he kicked the ground during **boys' soccer**, Rob Jackson for all the jokes he told, Neil Stafford for being such a good sport, Sasha for believing that we could come together as a team, Noogie for being such a weird-ball, Keith for always staying on your feet for goal-kicks, Todd Gardner for not letting any balls go over his head, for Rich Lucas's facial expressions . . . We would especially like to thank Jordan and Serpa for always making curfew, for the AMIGOS moral support, and for Mike DeLouchry thinking he was the best penalty shooter ever.

During the Marlboro/St. John's **football** game MHS devastated the Pioneers. This was the football teams best effort as a team. The defense played exceptionally well against one of the best offenses in the state. One of the better plays was Eric Callahan's big hit on St. Johns star running back. Eric's hit knocked the St. Johns player out of the game at a crucial time with only 2:00 left in the game.

3 Boys wearing kilts??? How rude!!! The Fitchburg **field hockey** team held three boys this season. Marlboro started out strong, Kristen Merlini and Michelle Peters both scoring a goal apiece. Unfortunately, Fitchburg came back just as strong getting nasty and very rough! Beth Flagg left this game with a black eye, Smitty with a fat lip and Michelle Peters with a swollen knee. Despite all these injuries, Marlboro stayed tough tying 2-2.

**Heads up!** Cheryl Varnum keeps her eyes on the ball as it rapidly comes her way.

# The good, the better he **BEST**

From the beginning of the season, it was apparent that the **volleyball** team had strength and character. Their skill on the court really began to show as the team chalked up a series of victories. On October 13, Marlboro hosted an upset over Lincoln-Sudbury. The next day, the Lady Panthers defeated Millbury. This final win qualified the girls for the District Playoffs.

**Girls' soccer** practices were always a howl. "Doug the bug" always tried to discipline them and keep control. "Girls, there's been too much fooling around today- Liz, that's not the way you wear a pinney- run two! Where are your shin pads Kristen G?" The girls tried to liven up the practice, but Coach Freeman always responded with "Alright girls, it's time to get some real practicing done!" The girls then replied, "But Doug, we know that you've lost that lovin' feelin'!!!"

As the band struck the opening notes of "Fame", the **cheerleading** captains started up their dance. This would be the last night game any of the seniors would cheer from this side of the ropes. For the last time they decided to liven it up. As the dance ended the crowd went wild. The cheerleaders all turned towards the field just in time to see the referee's arms go up, signaling a touchdown. Mike Landers had penetrated the St. John's defense and ran for 32 yards into the end zone. The cheerleaders were ecstatic. This was an incredible victory to end a great year.

**What's up?** The 89' cheerleaders show their spirit before the first all sports rally.

# The good, the better he BEST

On November 3, the **boys' soccer** team went up against one of their biggest rivals, St. John's. With only one minute left in the game, the Panther team scored to tie the game at 2-2. As the sun set, the referee decided to call the game because of darkness. On Sunday, November 6, the Panther team came out strong. The Pioneer team didn't have a chance when Rob Jackson passed the ball to a racing Chris Sargeant. Chris then kicked the ball past the St. John's goalie. This sent the Panthers soaring! Shortly after this, the Pioneers came back and scored. This didn't get the Panthers down, though. Jackson, again, passed the ball upfield to Sargeant, who, again, shot the ball past the goalie. This put the Panthers ahead with not much time left to go in the game. The buzzer rang and it was over! The boys had done it! They had beaten St. John's in the Districts for the third straight year, knocking out the number one seed!

The girls' **volleyball team**, led by senior co-captains Sue Etre, Tina Giardina and Shawann Watkins played an outstanding season this year. Coach Lepore and Coach Lambert guided the Lady Panthers through an unprecedented season. Their 15 wins and 3 losses represent the best record the volleyball team has had yet. The girls attribute this record to skill and the work of Coach Lepore.

The Marlboro seven of the **cross-country** Mike Dolan, Brian Cappello, Pat Kiley, Rob Eisenhauer, Bill McCulley, Jon Mahoney, and Brian Healy, all had strong performances during the district meet, including placing third in the top ten. Yet somehow, Marlboro succumbed to the St. Johns' Jinx once again, as their hopes of winning districts fell short by three points. Although disappointed, their spirits were livened by the news that Coach Riley would be sticking around at least one more year - to run another 8,000 speed workouts.

**Co-captain** Beth Flagg; **Coach** Bernie Moffa;  
**Co-captain** Heather Smith

**Busting out!** Neil Stafford uses his skills in order to get out of a tight squeeze and finally breaks away.

**Danny, Tezie Why Ya Buggin'?** Dan Hill and Greg Tesmer show their best bug eyes during a quick break at cross-country practice.

**Leader of the Pack.** Liz Burks comes in first during a soccer drill, while Deb Ivey and team come up from behind.

**Huddle up!** Seniors Kim Ferrecchia and Pam Durand get warm and show their spirit during halftime at a Marlboro/Algonquin football game.

**Concentration!** Senior Sasha Chanoff shows his fine form on a clean break away with no pressure what so ever.

**Quick Scan Downfield** Pete Long evades a determined defender during an unfortunate loss to Milford.

**Front Row** Andy Mello, Kyaw Lim, Billy Balfour, Jay Kelly, Todd Okimoto, Bruce Fay, **Second Row** Mark Braunhardt, Prajoy Kadkade, Jay Benson, Brian Patterson, Greg Tesmer, Bill McCulley, **Third Row** Coach Rich Riley, Brian Cappello, Chris Morin, Tom Dowd, Jon Mahoney, Brian Healy, Mike Dolan, **Back Row** Dan Hill, Pat Kiley, Jason Olden, Rustin Kyle, Rob Eisenhauer, Greg Leland, Bill Jenkins, Derek Patterson.

**Nice Hands!** Goalkeeper Kristen Taylor makes a spectacular save while practicing for the state title.

**Jump for Joy.** During a district game, Sandra Sharon scores with only 30 seconds left in the half and is met enthusiastically by her teammates.

# The good, the better he BEST

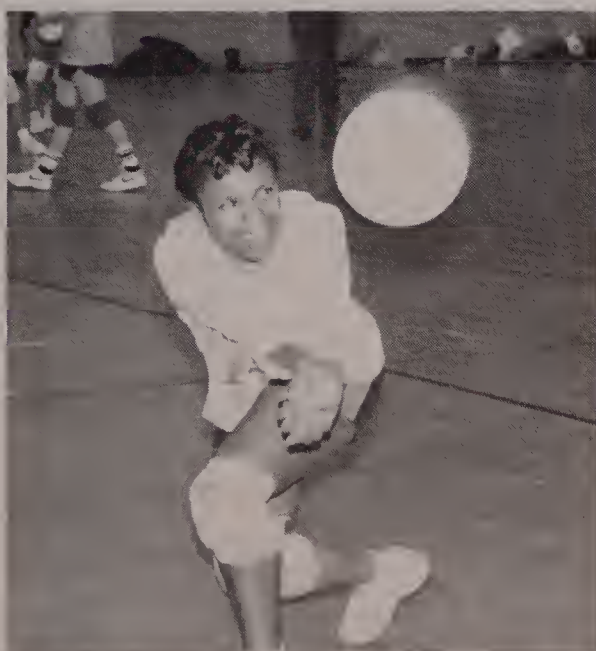

Wipeout their own goalie?! YES!!! During the **field hockey** game against Shrewsbury on October 28, left link Kristen Merlini tripped and fell on their own goalie, Alyssa Scott. They won this game, 3-1 which brought them into the districts.

The **football** team played their first game of the season against Fitchburg. Starting the season off strong, Marlboro won 33-12. Remember Pete Long's punt return? A "wall right" was called but Pete running left was still able to score a touchdown. Mike Landers threw three touchdown passes as a quarterback. Pete Long scored two big touchdowns and Dave Subbotin scored one. Derek Rutherford rushed for 102 yards and also scored a touchdown. The entire team played well and it was a much deserved win.

Considering all obstacles in their way, the **Girl's Cross-Country** team toughed it out and did pretty well. Since two of their captains were injured the younger members had to carry them through the season. Even with these small misfortunes, they learned to work together as a team and never give up.

Special Honors for the 1988 **Football** Season went to Senior Mike Landers (Most Valuable Player), Senior Scott Aunes (Most Improved Player) and Senior Bob Hathaway (Unsung Hero).

Special Honors for the 1988 **Field Hockey** Team went to Senior Beth Flagg (Most Valuable Player), Junior Pam Bongiorno (Most Improved Player) and Senior Kristen Merlini (Unsung Hero).

**I Got it!** Shawann Watkins bumps the ball back into play while warming up before a volleyball tournament.

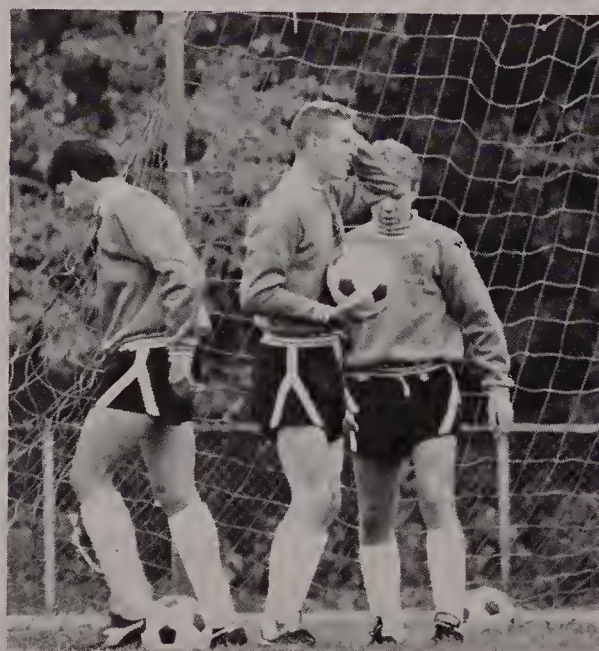

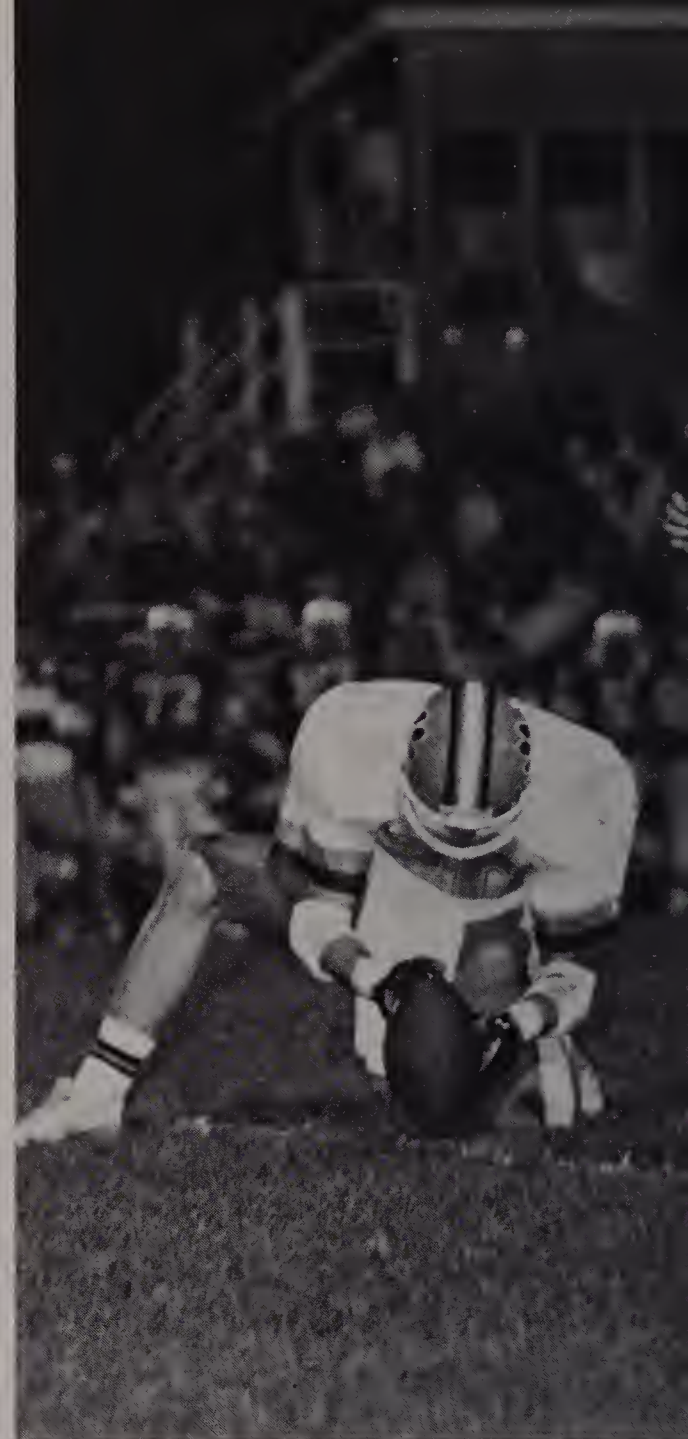

# **T**he good, the better he **BEST**

For the **Boys' Cross Country** Team the Middlesex Area meet proved to be somewhat disappointing. This meet had belonged to them for the past three years. But this year it was not to be, and they finished a close third. In their next meet, the first dual meet, they held on to take their first win against Shrewsbury even without their injured co-captain and number two runner Brian Cappello. From then on, they ran their dual meet record up to 6-0 before suffering their first defeat to the St. Johns' Pioneers. But they immediately bounced back to win their next meet against Fitchburg, a perennial strong competitor, and so secured their fourth straight Midland League title.

Winning their first game of the year against Milford 6-0, the **boy's soccer team** made it Luddy's 200th career victory. "Our season would not have been complete without our great" Coach Luddy "and his strange jokes. Also, let us not forget the managers for their professional job on the camera."

On November 1, the girls **volleyball** team played their last game of the regular season. Going out in style, the Lady Panthers defeated Millis. They celebrated the victory and the season at a party complete with cider, doughnuts, and orange and black balloons.

**Who's in net?** Senior Mark Campbell looks confused during warm-ups with Frank Tarentino and Dave Tibbets.

**Preparation Pays Off!** The state soccer champs take time to work on their game plan.

**Belly up.** Marlboro's Tim "Belly" Sullivan goes for the extra point against the Shrewsbury Colonials.

# The good, the better he BEST

At 5:15 a.m., before the Turkey-day showdown between Marlboro and Hudson, where would be the most obvious place to look if you wanted to find the MHS **cheerleaders**? Fast asleep in their warm beds would be the most logical guess. When dealing with cheerleaders, however, logic takes a back seat to everything else. At 5:30, they were heading for "the rock". As they drove by, they noticed that the Hudson high cheerleaders were already there. While Hudson painted Marlboro's rock, Marlboro drove to Navin rink. While waiting in the parking lot, they noticed two cruisers drive by. A few minutes later, the MHS cheerleaders drove by "the rock" just in time to see Hudson in a line-up. Of course Marlboro found this hysterical! Apparently, the Marlboro police had told Hudson to leave or they would be arrested. As soon as they left, Marlboro raced down to "the rock" and began to paint, just as the cops showed up. The cops sent words of encouragement and told them to hurry. Marlboro finally got the last laugh over Hudson. One hour later, Hudson was back. They were getting the last laugh! Marlboro was never so mad. Outsmarting them once again, uniforms and all, Marlboro went back and painted "the rock" 20 minutes before gametime. Well, they did it, they painted it last. And to make the day complete, Marlboro even won the game. There is a legend floating around Marlboro and Hudson that whoever paints "the rock" last, will win the game. This was the first year in many that Marlboro painted "the rock" last. It was also the first year in many that the football team won. Legend? Maybe. Maybe not.

**Field hockey** camp this year brought some laughs back to the practice field. After being in 90 degree weather, running every morning to a disgusting breakfast of pancakes (5 mornings straight), and not really learning anything, 4 of the seniors skipped a morning session to sleep late. Heather Smith, their hero, came back to the dorms where they were sleeping raving about how cool it was outside, how good the breakfast was (which she walked to) and how much she learned. this was before she told them that they were being kicked out of camp. Ha Ha Smitty-joke's on you!!!

**Captains** Jen Lehane, Betsy Lynch, Melissa Maziarski, and Irene Grassby.

**A Long Way to Go** Mike Dolan paces himself and throws a smile at the camera during a run at the high school.

**State Champs Way To go!!** The **Girls' Soccer** team made their season more than complete during the 88'-89' by winning the state championship once again. They had quite an experience between being recognized at the State House and their dinner with the olympic soccer player Rick Davis. Congratulations girls.

The **Boys' Cross-Country** team played and defeated Walpole. The taste of victory was sweetened by the knowledge that their performance had surpassed that of any other game. Unfortunately, this was to be the last time the team would feel the thrill of victory, this year.

The **Volleyball** team defeated Hudson for the three consecutive times this year. This three game streak followed a long succession of defeats inflicted by the Hudson Hawks. But the lady panthers proved to be the tougher ones in the end.

Special Honors for the 1988 **Volleyball** Team went to Senior Cheryl Varum (Most Valuable Player), Junior Alechia Maguire (Most Improved Player) and Senior Sue Etre (Unsung Hero).

Special Honors for the 1988 **Girls' Soccer** Team went to Senior Joanna Hird (Most Valuable Player), Junior Kristin Taylor (Most Improved Player) and Juniors Nikki Gadbois and Julie DeCiero (Unsung Heroes).

Ken Guillette and Neil Stafford defeated Frank Tarentino and Sasha Chanoff for the "**Soccer** Tennis Championship of the World" yet not one of them made it to Miford, N.H. for a preseason scrimmage. "250" "See you there Luddy!"

At the beginning of the **Girls' Cross Country** season the team started off with five runners; seniors, Dawn Scholland, Briget Denouter and Lauren Heim, juniors, Nicole Tesmer and Mary-Ellen Boers. This five man team had to work extra hard because of their size and because of many injuries. They were also forced to forfeit many meets because of their number of runners. Fortunately four underclassmen joined the team; Johanna Elliot, Katy Pilling, Sara Farragher, and Carrie Midura.

Special Honors for the 1988 **Boys' Soccer** Team went to Senior Frank Tarentino (Most Valuable Player), Senior Mike DeLouchry (Most Improved Player) and Senior Keith Najjar (Unsung Hero).

Marlboro v. Wachusett- no one gave the **basketball** team a chance against Wachusett, but they played an all around great game! MHS was ahead by ten going into the second half. MHS knew Wachusett would not just give up and they would have to play a good second half. Wachusett started its comeback but was denied by the floor leadership of Chris Duplessis and poise by the rest of the squad. The game ended with Marlboro coming out on top 63-60, and the fans rushing the gym floor in jubilation. They had done it, they had finally won a close game.

The **boys' indoor track** team was filled with many funny moments. Rich Lucas and Mark Braunhardt reigned as "mat kings", claiming the "foam" to be their own. Captains Greg Tesmer and Brian Cappello were forced to lead the team in stretching, which was referred to as "queer" by the immortal Coach Deadbeat. There never seemed to be anybody to run the mile relay for the boys. Nine times out of ten when the 1000m run was over with it was time to head for the bus. The relay team put in against Shrewsbury was lapped 3 times, despite valiant efforts put on by inexperienced freshman.

The **girls' basketball** team recalls doing their "supersonic dance" on their way to a dreaded Fitchburg game. Little did they know that Schleppa would resort to violence over a game. They were also unsure of what the drive home would bring, would there be even more yelling??? Well, surprisingly, they made it home and had chalked up another win for their school.

**Leap Frogs** #20 Frank Tarentino shows his defender just how much air he can get before putting the ball in and scoring two against this Fitchburg team.

Coach John Butler, Tri-Captains Shawn O'Malley, Mike O'Brien, Mike Landers, Asst. Coach Mark McDonald

**Is that Hulk Hogan?** No, it's Kenny Guilette putting the moves on his opponent before being able to pin him to win the match.

**Here I Come** Bill McCulley sets his pace in order to beat his opponents during this all day track meet.

**Front row** Mark Huggins, John Goellner, Mike O'Brien, Asst. Coach Mark McDonald, Coach John Butler, Shawn O'Malley, Mike Landers, Rob Seymour **Back Row** Todd Flanders, Bill Kelly, Brian Kelly, Mike Dolan, Rob Chase, J.J. O'Malley, Pitak Allen, Chris Carter, Neil Stafford, Mike LaCroix, Ed Bourgeois, Ryan Brown, Christian Pacific, Bob McAndrews, Ed Peterson

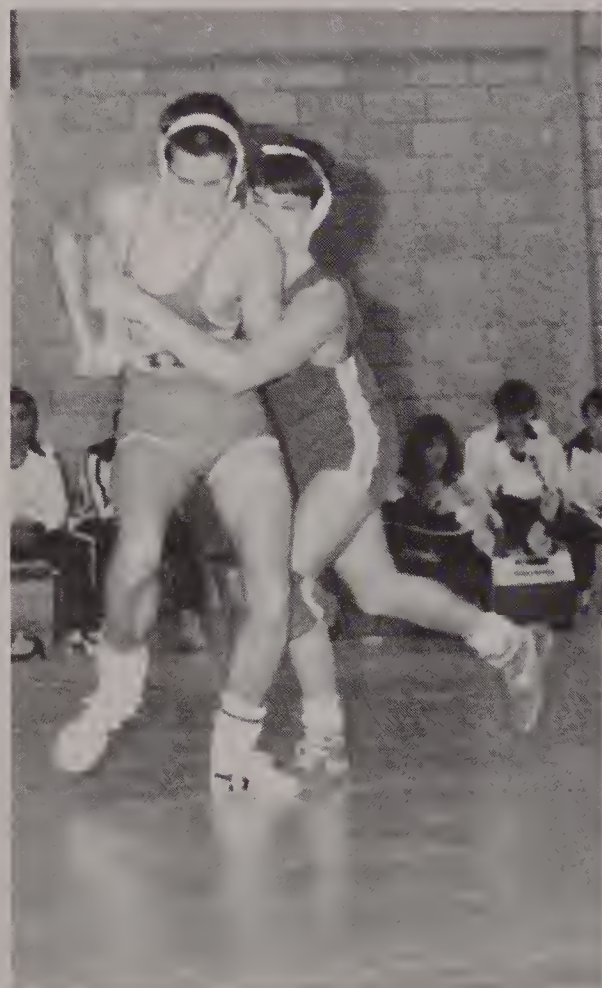

**On the Bound** Junior Tami Reynolds rips down a rebound after using her "boxing out" skills against this Fitchburg team.

**Up and Away** Derek "Lobes" Patterson not only boxes out and rebounds but also goes up strong for two points.

**Teamwork Takes Teammates** Mike Landers (#6) gets a pass from a fellow panther during this game against Leominster.

**Bear Hug?** Senior Matt Burns tries getting his opponent down in hopes of getting points and winning the match.

**Front Row** Colleen Milliken, Nikki Gadbois, Nicole Tesmer, Paula Muise **Back Row** Coach Pete Lepore, Michelle Poirier, Tami Reynolds, Karen Tanona, Stacey Sullivan, Vicki Lott

**Dribblin' Down the Court** Junior Colleen Milliken, guard for the Panthers, brings the ball fast up the court against a Raider defense.

**The Gun Lap** Bridget Denouter holds strong to one of the lead positions in this meet against Shrewsbury.

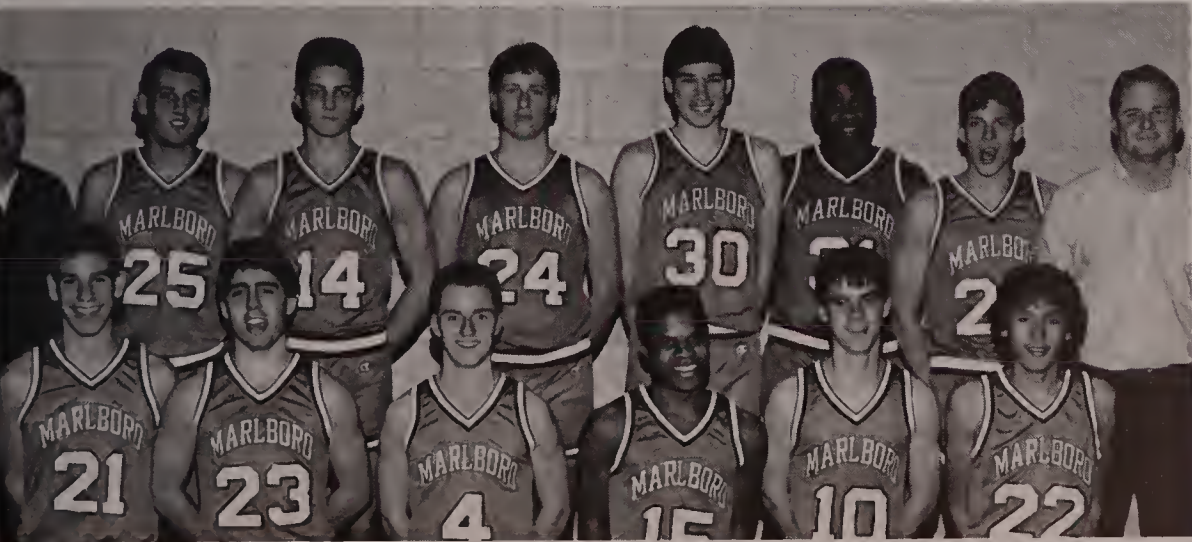

# The good, the better he BEST

During the season the **basketball** team came up with names for each other. They were as follows: Dupy, T-Bird, Cappa, The Sparkplug, Dirk "Heavy D" Patterson, Benny, Gordon, Noogie, Silk, Richie P., Deeland, Douggie. They also had different kinds of practices — conditioning circuit, power lay-ups, "let's set up our offense", "earrings out", "you two scare me", "the call of the wild", "what color are we today?", the silent assassin lives, "I can't believe Dongo actually did it!".

Brian Cappello of the **boys' indoor track** team had his share of "inexperienced freshmen", nearly beating one up from Leominster after running the 1 mile. At the same meet, Greg Tesmer, John Plante, and Pete Long all three over 38', their season's best in the shot put. However, after a quick check by an official, it was deemed that the boys were throwing an 8 lb girl's shot, as compared to a 12 lb boys' shot.

The **girls basketball** team was proud to announce the 1000th point of their captain Stacey Sullivan. This was a great accomplishment not only for Sully but also for the rest of the team. This happened on January 17, 1989 at Shrewsbury High School on a great pass from Tami Reynolds. On February 17, 1989, Stacey broke the school record set by Katy Delaney (1194).

**Front Row** Dave Cappadona, Chris Duplessis, Jay Benson, Brian Patterson, Brian Jordan, Andy Douglas **Back Row** Coach Scott Pryor, Dan Hill, Greg Leland, Jay Jansen, Rich Pilling, Brian Patterson, Frank Tarentino, Trainer Mike Nanartowich

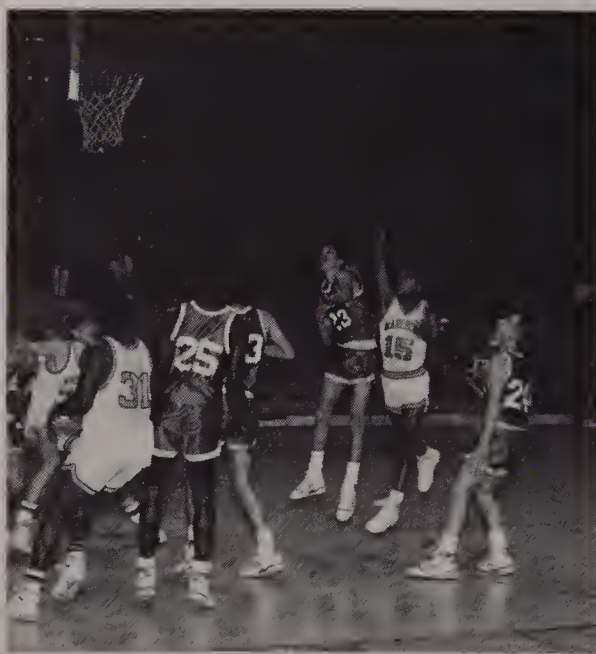

# **T**he good, the better he **BEST**

The **girls basketball** team finally qualified for districts on January 26, 1989. This win also made them the Midland League champs for the seventh consecutive year. The win was against Leominster. Watch out they're on their way to states again!!!

The **Hockey** Team accomplished many milestones this season. For the first time in recent years Marlboro beat St. John's. They beat them at home on December 28, 1988, 8-5. They beat them for the second time 5-3 at the Hart Center, St. John's home rink. Mike O'Brien scored the goal that brought MHS ahead and Shawn O'Malley scored the final goal.

The **boys' indoor track** team had many memorable moments this season. There were stellar individual performances by the entire team. John Plante was one who had many outstanding moments. Plante high-jumped 6'4" and ran the 300m dash in 35.1 seconds. If points were needed in a certain event, Plante was there to do his duty. Pat Kiley, Billy McCulley, and Brian Cappello formed a vicious trio in the distance events. Any one of them could be expected to win any combination of the mile, 2-mile or 1000m runs.

The worst **Hockey** practice was at the beginning of the season when Coach Butler made the team skate for an hour, then go out in the freezing cold like idiots and do sprints in the parking lot. Monday practices were a lot of fun. All we did was skate the whole time.

**Smooth Shooting** Brian Patterson shoots two against this Shrewsbury defense to up MHS two points.

**Ready Aim Fire!!!** Junior Nicole Tesmer isn't discouraged by this Fitchburg defense and throws the ball up for a basket.

**Heads up!** Mike LaCroix waits for the puck to be dropped during this face off against Leominster.

**Comin' Round The Bend** Senior Brian Cappello pushes his final lap in order to beat out a Shrewsbury runner.

**Front Row** Pete Thier, Matt Burns, Sean O'Sullivan **Second Row** John Seymour, Matt Morrell, Scott Mons, Matt McCulley, Jack Barter, Brian Leonard **Third Row** Kenny Guillette, Dave Giorgi, Brian Sullivan, Frank Jones, Chris Haker **Back Row** Brian Berube, Eric Luftig, Bill Long, Ryan Jorgensen, at Leonard, Russell Martinez, Coach Bill Jansen

**Muscle** Senior Mike Howard tries to out-muscle his Leominster opponent in order to win the match.

**I know I can Do It!** Junior Kevin Boudreau runs his last lap determined to take first place.

**On Your Mark** Senior Shawn O'Malley waits for the referee's signal to start the face off against the Leominster Blue Devils.

**Gosh Darnit** Senior Dan Hill walks away with a look of disgust after the referee's call.

**Front Row** Nicole Moreau, Jen Waeger, Aimee Phaneuf **Back Row** Coach John Dwinell, Sarah Farragher, Danielle Gilliatt, Dominique Gilliatt, Nicole Tesmer

**Up And Over** Vincent Rusche clears the bar with a look of great anguish to help push the Panthers ahead.

**Twister?** Freshman Jack Barter takes his opponent with a surprisingly strong hold to gain the advantage.

# The good, the better he **BEST**

One of the first **wrestling** meets was against Wellesley, a former state champion. It was head to head until they took a fifteen point lead. There were only three weight classes left-171, 189, 275. Senior captains Sean O'Sullivan and Pete Thier, and Junior Brian O'Sullivan took pins in these three matches giving us a victory by three points.

Practices were long and tedious to many members who had been accustomed to "taking it easy" during the **boys indoor track** season. Coaches John Dwinell and Tom Kelleher were intent upon bringing a winning record to Marlboro High. Unfortunately, they came up just short, finishing up the season with a 4-4 record and a fourth-place finish in the Midland League.

The **hockey** team started off on the right foot this season by winning the Borough's Cup. Mike Landers was also awarded the MVP of the tournament. They then proceeded to win the Holliston Christmas tournament in which Shawn O'Malley took home the MVP.

**Front Row:** Mark Braunhardt, Brian Cappello, Bill McCulley, Kenny Klee, Jim Vaughey, Kevin Boudreau **Back Row** Coach John Dwinell, Greg Tesmer, Matt Kelley, Pat Kiley, Dave Subbotin, Pete Long, John Plante, Rich Lucas

Special thanks to the **JV sports teams** for all their support and dedication. Good luck to you all.

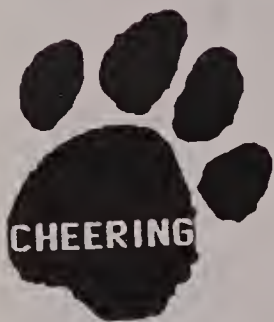

**Front Row** Tim Leland, Andy Douglas, Mike Drummey, Jay Sullivan, Mike Miller, **Back Row** Coach Drummey, Jon Mahoney, Tom Dowd, Bryan Keigwin, Jeff Shea, Matt Durand, Todd Gardner, Eric Sharon.

**Front Row** Kerri O'Leary, Kathleen Lehane, **Second Row** Christine Caramanica, Amy Domings, Melanie Skulley, **Back Row** Sandra Cintron, Tina Wright, Lynda Wolynski.

## COMMUNITY

Hello! Welcome to the ads section of our yearbook. No! Wait! Stop!!

**DON'T SKIP OVER IT!!**

We know, we know, these ads interrupt our yearbook like a commercial interrupts our favorite shows. The fact of the matter remains that if there were no commercials, the show could not go on.

These advertisements come not only from our local stores and businesses, but also from family and friends. Their expressions of pride and love grace the following pages.

Our sincere thanks goes to our kind and generous sponsors. We are proud to be the graduating class of '1989 and we hope to contribute to the future growth of our community.

THIS YEARBOOK IS BROUGHT TO YOU BY THE

# LETTERS P AND J

## & THE NUMBER 89

Now your first question is probably - "What do the letters P and J stand for?" The answer is really quite simple- Photojournalism. What did we do? We yelled at each other, tried to identify unknown people in club photos, threw things at the "Mac", and attempted to work photo croppers. In short, we compiled these 216 pages now known as the 1989 yearbook. Photojournalism, taught by Miss Ellsworth, Miss Egan, and her shoes, had its ups and downs; the ups were the satisfaction of making a deadline on time, the downs were trying to meet them.

The editors had more than their share of the work. Gretchen Dorr, as our Editor-In-Chief, led us to this "explosive" yearbook, while our section editors spent many painstaking hours after school on the "Macs". The designated gophers did any job that came their way (and there were plenty of them!).

In between dodging flying pica rulers, hiding from editors with overdue deadlines, and frantically searching for candids, we actually, to our surprise, learned to work with and depend on each other. We also learned to draw layouts, run a computer and yell real loud. And you thought all we did was create a yearbook.....

STRESS MANAGEMENT FOR '89 YEARBOOK??? JACKS!!!!

"UTTER CHAOS!" YES!!!

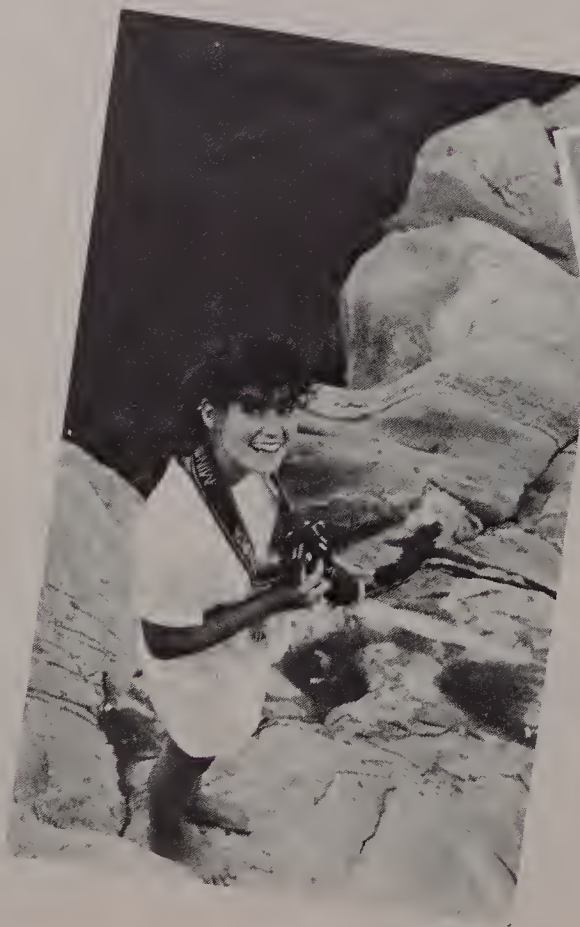

THROUGHOUT THE DAYS OF THE SCHOOL  
YEAR  
PHOTOJOURNALISM CLASSES WERE IN  
GEAR  
TURNING OUT PAGES ONE BY ONE  
UNTIL THE '89' YEARBOOK WAS ALL  
DONE

NEAR A DEADLINE, THERE WAS  
PRESSURE  
TRYING TO GET SOME OF THE PAGES  
TOGETHER  
EVERYONE WORKING HARD DURING THE  
CLASS  
AND MAILING THEM OFF TO THE  
COMPANY(AT LAST!)

BETWEEN THE DEADLINES WE DAY A  
BREAK  
TO DANCE TO 'THE NUMBERS'  
RUMBA'(FOR ELLS' SAKE!)  
BUNNY FU-FU, FUNKY FEMALES, HENS  
AND DUCKS  
THEY WERE ALL PART OF THE TAPE KEN  
FOUND(JUST OUR LUCK!)

WE ENJOYED THE TIMES WE WERE HERE  
WHEN WE WORKED WITH ELLS AND  
EGAN(WE ALL DID CHEER)  
CREATING THE YEARBOOK WAS A LOT  
OF FUN  
AND NOW-FINALLY-IT'S ALL DONE.
